**Are you needing some new ideas for incorporating science into your already packed day? Come get a wealth of ideas and visit with local organizations to see what they have to offer. If you have attended before, come again! There will be all new hands-on lessons, as well as ideas for fitting NGSS based content into stations! As always, there will be prizes and give-aways. Please bring your science teaching material and your laptop. If you don't have a laptop one will be available.**

**Presenter: Becky Stanfield**

**Becky Stanfield has fourteen years of classroom experience. She has taught middle school science as well as 5<sup>th</sup> grade. She has a Bachelor's degree in Elementary Education and a Master's degree in Environmental Science. She taught for USD 261 nine years before deciding to work part time and stay home with her three daughters. Becky is currently substitute teaching, working at her church, and LOVES helping others (especially teachers) make connections to the wealth of science resources that are available!**
