Workshop Description:

Does the idea of using interactive notebooks with your students sound fabulous, but you just don't know where to start? Or maybe you already use interactive notebooks but are stuck in a rut with them? In this workshop we will discuss why and how to use interactive notebooks in the classroom to help your students become independent and creative thinkers. You will learn some easy ways of getting started with notebooks, everything from setting one up to organizing to creative decorating. By the end of the day, you will have your own notebook filled with great ideas to take back to your classroom. This workshop is great for elementary to high school teachers who don't mind a day of coloring, cutting, and gluing with some great learning thrown in!
