Penny Schuckman, Director

Registration Deadline: July 12th!

Workshop Details:

Successful implementation of Common Core Standards requires innovative best practices that persuade and prepare students to engage in thoughtful problem solving, as well as encourage better performance through more sophisticated, broad-based assessments. Project-based learning, done well, accomplishes these goals. Participants will learn the effective components of project-based learning and the research behind it. They will learn how to adapt the activities for the learning style and levels of individual students. Participants will learn how to write lesson plans for PBLs, incorporating activities that can be used immediately in the classroom.

Presenter: **Annie Dugan**

Annie has twenty years of classroom experience in a Language Arts and Reading classroom. Twelve of these years were spent in Haysville USD 261 at both Haysville Middle School and Haysville West Middle School as an intensive reading teacher. She has a Master's Degree from Wichita State University in Curriculum and Instruction with emphasis on reading. She has extensive hands-on experience developing and implementing reading curriculum which focus on research and best practices to maximize learning opportunities in a diverse classroom. Annie provides reading consulting and tutoring through her own practice, Inspired Literacy.
