## TUESDAY, JUNE 26

### QUIZLET

*Jeff Maxwell*

Quizlet is a mobile and web-based study application. It provides engaging, customizable activities with contributions from people around the world. Participants in the workshop will set-up a Quizlet account, create Quizlet learning sets to use in their classroom, and become familiar with other useful tools that could be used in an interactive classroom.

### MOBY MAX

*Alisha Ewertz*

Would you like to help students fill gaps? Would you like to push students to advance their skills? Come learn about Moby Max! This web-based program provides individualized lessons for students in math, reading, language arts, social studies and science! Come learn how to set up, manage, and assess your students using this amazing program!

### POW TOONS

*Carrie Thrash*

PowToon is a do-it-yourself animated presentation tool that supercharges your presentations and videos! Not creatively inclined? No problem! PowToon has a number of ready-made PowToons that you can make your own with simple customizations. This cloud based program will save you massive amounts of time and bring the WOW factor into your work!

### EDMODO

*Alisha Ewertz*

Edmodo is an educational website that utilizes social networking within a classroom environment. This workshop will give you the basics in getting started with Edmodo. The workshop will address the following: creating an account, starting a virtual Edmodo classroom, submitting posts, creating quizzes/polls, using the online library/backpack and creating/awarding badges.

## WEDNESDAY, JUNE 27

### MAKE BELIEFS COMIX

*Suzanne Bailey*

Make Beliefs Comix is a fun and inventive way for students to create their own comic strips. Make Beliefs Comix can be used by students to share social stories, inform their audience on an issue, or persuade them on a topic.

### ENHANCING YOUR CLASSROOM WITH FACEBOOK

*Kasahra Cotton*

Facebook is a great communication tool to help keep your parents up to date on what is happening in the classroom. In this class you will learn how to set up an account, about privacy settings, ways to post, things to post, and how to receive release forms from your parents.

### WEEBLY

*Evie Unrein*

Are you interested in setting up your own classroom website? Weebly can make it simple, free, and fun. We will spend our time together looking at the page I made using Weebly ([www.k5computers.weebly.com](http://www.k5computers.weebly.com)), discussing how to create and update your own page, and actually creating a page of your own. I think we learn best through doing not just listening, and this session will provide plenty of assisted work time for you to learn the ins and outs of Weebly.

### PHOTOSTORY

*Charlotte Brickman*

This tool is a great way for your students to present material in a way that doesn't require them to "get the jitters" in front of a whole class. Learn how to create an animated presentation with pictures, voice overs, type and music that will have your students jumping right in!

## THURSDAY, JUNE 28

### INTERACTIVE PRESENTATIONS

*Amber Dougan*

Would you like to take your presentations to the next level? Have you ever wanted to hear from EVERY student during a lesson, but were overwhelmed with the "how"? Participants in this workshop will learn how to use several different types of interactive presentation softwares (ClassFlow, NearPod, PearDeck, Deck.Toys and more!) to help take your lessons to the next level!

### MIMIO PART 1

*Krista Pottier*

Mimio is the interactive white board technology we use in USD 261. If you are wanting to make your lessons come alive and turn those boring power point presentations into something interactive, Mimio is for you! You do not have to have a Mimio device to attend this training-come, learn, and we will get you set up! This is also a great training for new teachers and substitutes, as well as veterans wanting to polish their skills.

### ED PUZZLE

*Marcia Hersh*

Video is a powerful tool for student learning. Learn how to utilize video with this application with your students to up their engagement. Whether using tried and true videos from the internet or making your own, incorporate these lessons into your curriculum to actively engage all students. This session will help you navigate EdPuzzle's website and create powerful video lessons.

### MIMIO PART 2

*Krista Pottier*

We will continue to build on the concepts covered in the morning session and take our Mimio skills to the next level!
