

## LOVE AND LOGIC IN THE CLASSROOM

### Description:

This workshop will provide low stress strategies for highly successful educators! Participants will get solutions that work right now to:

- \* Help end student arguing and back talk
- \* Guide kids to own and solve their problems
- \* Build positive relationships with challenging students
- \* Raise test scores
- \* Prevent problems and save teaching time

### Presenters: Linda Long & Lisa McKeown

Linda Long has a Bachelors of Science in Human Services/Psychology from Friends University. She has worked for Haysville USD 261 for 15 years first as the Support Services Coordinator at Haysville High School, and currently as the Support Services/Homeless Coordinator at the district level. Her experience and expertise is in communication and conflict resolution for families in crisis situations and working with adolescents. She completed the Advanced Love and Logic Instructor training in October 2006.

Lisa McKeown received her Bachelors of Science in Elementary Education from Newman University. She taught in the elementary classroom for 16 years in grades 2-4. She completed her Masters of Education in Counseling at Wichita State University and has been a school counselor in Haysville for the past 18 years. Lisa is the building coach for Positive Behavior Interventions and Supports. She is committed to supporting staff and parents in promoting student success. She completed the Advanced Love and Logic Instructor training in October of 2006.
