Penny Schuckman, Director

## Workshop Description:

Participants will learn the basics about Self-Determination Theory and how this theory can be applied to maximize student engagement and motivation in your classroom. Participants will learn about the basic premises of the Self-Determination Theory (SDT), intrinsic vs. extrinsic motivation, tools to measure motivation, and implications in the classroom environment for K-16.

## Presented By: Chris Wyant

Chris Wyant has been educating students since 2005. He has taught in secondary education STEM programs (mostly engineering, math, and science) in both private and public school systems. Chris has BS in General Physics, a MS in Curriculum and Instruction, and is currently pursuing a PhD in Interdisciplinary Education. Chris currently works for WSU as a Clinical Educator, is the director of the Mathematics Education and the Corbin Connect program. Chris specializes in Learning Sciences and Technology Integration and Training.
