WORKSHOP DESCRIPTION:

During this workshop, participants will gain some ideas and develop a writing plan to be used in the classroom. Come to the workshop with an idea of where you would like your grade level students to be by the end of the year and a list of units you would like to insert writing. The morning will be a review of the writing process and ways each of the steps can be utilized in any ELA unit. The afternoon will be spent developing presentations, worksheets, assignments, and procedures to use in the classroom. You will leave with materials appropriate for your grade level and ideas to help improve your students' writing skills.

PRESENTER: JENNIFER ALEXANDER

Jennifer Alexander has twenty-five years of experience teaching high school English, 9-12 College bound English for ten years, and 7-8 Language Arts for the last 15 years. She currently enjoys her week days with her 7-8 graders at Haysville West Middle School. Jennifer earned her Bachelor of Arts degree from Southwestern College in 1990 (5-9 in science and 5-12 in English) and completed her Masters of Arts in Education at Friends University in 2018. Watching the "lightbulb" turn on reflected in her students' reactions brings a great sense of accomplishment and pride as she hopes her students learn to become independent learners and communicators.
