Description:

With this multimedia training curriculum, teachers and/or parents of teeny, tiny kids will learn how to:

- Show their tots that whining & arguing doesn't pay
- ♦ Put an end to misbehavior in public
- ♦ Smooth-out mornings and bedtimes
- ♦ Calm sibling bickering and battling
- ♦ Take the battle out of meal times, tooth brushing, bathing, etc.
- ♦ Make potty training fun
- ♦ Teach respect, responsibility and self-discipline
- ♦ And much, much more!

There's great news! When teachers and/or parents start Love and Logic early in their children's lives, they dramatically up the odds that the teenage years will be fun... instead of frantic. They also create kids who'll begin school ready to learn.
