WELCOME TO HAYSVILLE HIGH SCHOOL

Welcome to Haysville High School, a Personalized Learning School, and co-recipient with Campus High School of the 2013 National Blue Ribbon Award. HHS is a three-time, nationally recognized Showcase School for Capturing Kids Hearts and we strive to build healthy, positive relationships with our students, parents and staff while building a culture of respect for all and self-advocacy for our students. Our goals are to help students develop a foundation on which to build knowledge, develop skills of use for the future, and create a desire to learn while giving them more control over time, path, place, and pace of learning. By providing access to Accellus, our digital curriculum, and providing support with highly qualified, professional educators, we strive to help our students set and reach academic and career goals. We endeavor to make learning the constant and time the variable with an understanding that not all

students learn at the same pace or in the same way as others. Our school is an optional program and students attend as a privilege. We endeavor to establish a culture of Growth Mindset characterized by goal-setting, a staunch work ethic, perseverance, and a positive attitude while rewarding effort and achievement through our PBIS Rewards Program. We are looking forward to partnering with all of our students and parents to have a great experience. We are excited about our Chromebook 1:1 adoption and the access it gives all of our students to anytime, anywhere learning and an opportunity to go to college early.

ADMISSION PROCESS

HHS is designed to engage students as participants in the learning process. Students are expected to develop and manage an Individual Plan of Study tied to educational and career goals. HHS exists to help both students who are at-risk of not graduating from CHS on time and students who desire to complete technical education certifications and/or engage in concurrent credit courses at WSU-Tech or local junior colleges in order to work towards an Associate's Degree while still attending high school. Students graduating early must have an approved plan for transition to the world of work, military enlistment, or post-secondary education approved by school administration and parents.

- Step 1: Students at-risk of not graduating from CHS will interview with counseling staff and administration at Campus to get a referral (for students behind in credit). Students in 11th and 12th grade, who are not behind in credit but want to pursue technical education courses or an Associates Degree while attending HHS as part of their Personalized Learning Plan may enroll with administrative approval from CHS/HHS.
- Step 2: Entrance Interview: Student/Parent/HHS Administration
*Discuss HHS Student Expectations/Contract.
*Discuss Academic, Personal, and Professional Goals
*Evaluate Transcript and review of graduation progress and math/reading scores (students are required to be enrolled in tutorial classes for reading & math, until they satisfy proficiency requirements.)
- Step 4: Determination of Admission
*Develop Academic Course of Study
*Student/Parent Contract
- Step 5: Determination of Schedule (Full-Day or Half-Day with JTP/WSU-Tech options.)

SPECIAL EDUCATION

Parents/guardians of students with a current IEP need to be aware that enrollment at HHS is based on the recommendation of a team consisting of representatives from Campus High School and HHS. Currently, the team acknowledges that the role of the teacher for special needs students is a consultative role, not a pull-out program. Students with an IEP will be served in the regular classroom as an interrelated program. It is assumed by their placement at HHS that they can work within the setting provided by the regular education teacher with limited accommodations made by the special-needs teacher.

PERSONALIZED LEARNING PLAN (PLP)

All students will have the opportunity to develop a Personalized Learning Plan and a learner profile to tailor their academic plan to meet their academic and post-secondary career goals. This will enable students to pursue Technical Education Certificates/Licenses and/or an Associate's Degree while still in high school. Students will collaborate with their advisor teacher, their parents, and the school guidance counselor to develop a personalized plan. Students will be given the opportunity to have voice and choice in crafting a schedule for partial day attendance at HHS while a guest student at WSU TECH, BCC, and other post-secondary educational institutions. In order to qualify for a partial day schedule, students must be on track to graduate and demonstrate good attendance, academic performance, and model good citizenship. This may afford them the opportunity to spend half-days at HHS and half-days at WSU TECH, Butler Community College or other post-secondary institutions of higher learning. Personalized Learning endeavors to give students more control over their time, path, pace, and place of learning. The Acellus Learning Program helps provide students the opportunity to have anytime, anywhere access to their own learning and control over their time, path, pace, and place of learning.

Entrance Requirements

1. Students must meet criteria for admission as determined by the administrator (truancy, long-term suspension, failure to make academic progress, adverse life situation requiring this setting.) Students not at risk must have administrative approval and a referral to apply to HHS (to accommodate a student's academic goals which may include a plan to earn a Technical Education Licensure/Certification/Associates Degree while simultaneously completing high school graduation requirements).

2. Interview with the administrator, student, and parent or guardian.
3. Individual Contract (The contract will outline attendance expectations, performance expectations, and behavior expectations for students; it must be signed by parents/guardians and the student and will be enforced.)

*Students will be required to be enrolled in tutorial classes for reading, math, and writing until they satisfy proficiency requirements.

Curriculum

HHS offers a wide variety of curriculum through partial day enrollment at Campus High School for technical education courses (administrative approval required) and other electives not offered on site at HHS. Students may also take technical education courses, and general education college courses through local post-secondary institutions such as WSU TECH, Butler Community College, and WSU for dual credit. Students, through Personalized Learning, have access to a wide variety of courses through the Acellus digital curriculum including core courses, AP core courses, and a variety of technical education courses as well as electives in a wide range of disciplines including foreign language, the arts, and other elective disciplines. Personalized Learning allows students to be empowered to have control over their time, path, place and pace of learning. Students are expected to complete an average of thirteen percent of each courses assigned per week which puts them on pace to finish each course within the nine-week grading period. This expectation is articulated in the weekly progress goal.

HHS Connect 1:1 Chromebook Policy and Agreement

The focus of the USD 261 one-to-one (1:1) Chromebook initiative is to prepare students for their future in a world of digital technology and information. As we navigate the 21st century, excellence in education requires that technology be readily available and seamlessly integrated throughout the educational program. Increasing student access to technology is essential and one of the current learning tools available is the Chromebook.

Student learning results from continuous interaction with educators, students, parent/guardians, and the extended community. Technology immersion does not diminish the vital role of the teacher but transforms the teacher from the director of learning to a facilitator of learning. Effective teaching and learning with Chromebooks integrate technology into the curriculum anytime, anyplace. Individual use of Chromebooks supports student empowerment to engage in their personalized learning before, during and after school, maximizing their potential to become lifelong learners and productive, responsible citizens. It is the expectation that the Board of Education, district staff, and community members together, will continue to play a key role in making highly effective

educational experiences available to all students. To further this goal, USD 261 will issue a Chromebook for instructional use during the school year to all high school students. This is an exciting opportunity for our students to have access to digital learning resources both during the school day and outside of the school day.

The policies, procedures and information contained in this document apply to Chromebooks and all other technology devices used by students within Haysville Public Schools. Administrators and teachers may set additional requirements for computer use at their school sites or in their classrooms. The Chromebook and other district-issued devices, email/Google accounts, are the property of the Haysville Public School District and, as a result, may be subject to inspection at any time. The student should have NO expectation of privacy of materials found on a Chromebook, their Google Drive or Gmail account. Supplied devices are an educational tool and not intended for personal use. Parents/guardians and students MUST read and sign the Districts Acceptable Use Policy and Chromebook Policy and Agreement each year, before a Chromebook will be issued. USD 261 reserves the right to revoke or modify this handbook and/or its policies and procedures at any time. CHS 1:1 Policy Agreement.

About the Chromebook

Chromebooks are laptop digital devices which run Chrome OS by Google as its operating system. They are designed to be used while connected to the Internet. All Chromebooks are supplied with the latest Google Chrome Operating System (OS), and many other applications useful in an educational environment. Chromebooks seamlessly integrate with the G Suite for Education (GSFE) suite of productivity and collaboration tools. This suite includes Google Docs (word processing), Spreadsheets, Presentations, Drawings, Sites, Forms and Classroom.

There is no checkout fee for the Chromebook. The only cost a student and his or her family may be liable for is covered in the 'Damages, Repairs and Warranties' section below.

Distribution and Collection of Chromebooks

Chromebooks will be distributed at HHS during Orientation at the beginning of each semester or when students enroll during the year but not until after enrollment is completed and all agreements are signed. Each student will also receive an AC charger and a protective case to use with their Chromebook. Before a Chromebook will be issued to the student, parents/guardians and students must have a completed Chromebook Policy Agreement on file in the school office.

Students are responsible for their Chromebook until properly turned in to the school. Students must turn in their Chromebooks, power cords, protective cases and any other district-purchased accessories in the same condition as it was issued to them. If a student withdraws from the District, the student must turn in the Chromebook and accessories on the last day of attendance.

If upon inspection of the device, there is evidence of abuse, neglect or intentional damage, the student/parent/guardian will be charged a fee for needed repairs. Failure to turn in the Chromebook and accessories will result in the student/parent/guardian being charged the full replacement cost. If payment is not received, the matter will be turned over to a collection agency. Any Chromebook not returned will be considered stolen property and law enforcement agencies will be notified.

Responsible Care

Students are responsible for the general care of the Chromebook they have been issued by the school. Chromebooks that are broken or fail to work properly must be taken to the media center for repair. The student will complete a repair ticket. A loaner Chromebook will be checked out to the student while the Chromebook is being repaired. Do not take district-owned Chromebooks to an outside computer service for any type of repairs or maintenance. Self-repairs are not allowed.

When a Student Forgets to Bring Their Chromebook

Students who have been issued a Chromebook but fail to bring their Chromebook to school, those that choose not to check out a Chromebook for

home use, and those with Chromebook issues, (as well as other issues as deemed necessary by administration) will be issued a 'day loaner' Chromebook for the day. Students must report to the media center to check out a loaner Chromebook. Students are held to the same policies with the day loaner as they are with their device that was issued to them for the entire year. Because the Chromebook backs up to the cloud, all the student's work will be immediately accessible on the day loaner Chromebook. Day loaner Chromebooks must be turned in by 3:30 the same day they were signed out. Failure to return the device may result in the student being held liable for replacement or repair cost.

No Expectation of Privacy

No one should have any expectation of privacy or confidentiality regarding any usage of a Chromebook issued by the District, regardless whether the usage happens for school-related purposes or not. During school hours, without prior notice of consent, the District may access, supervise, view, monitor and record student use of Chromebooks at any time for any reason related to the operation of the District. Chromebook browsing history is always logged. From time to time, the District may conduct random checks of Chromebooks and inspect their contents and condition. By using a Chromebook, students agree to such access, monitoring, and recording of their use. School administrators, teachers, and instructional technology staff may use monitoring software that allows them to view screens and activity on student Chromebooks at school during school hours. All images, documents, files, and apps downloaded onto the Chromebook become the property of USD 261 as allowable by law. The built-in webcam will not be used to monitor students.

Students will be held responsible for the full cost of any parts replaced and associated labor costs due to such actions up to and including the cost of total replacement of the Chromebook.

Repair costs for damage and loss

- The district will charge for the entire repair or replacement cost of the Chromebook and/or power adapters or protective cases if damage or loss occurs due to the student's, parent's/guardian's, or other third party's intentional acts or as the result of their negligence in handling the device. See current fee schedule.

By

Use of district technology is a privilege and not a right. Actions performed on any district-owned computer, network or electronic communication device may be monitored by school authorities. Q&A

Can I use my own mobile device instead of the school issued device?

No. USD 261 has a robust content filtering capacity that helps to ensure that district owned devices are used for educational purposes. Devices that are not owned by the district are not able to be filtered to ensure they will not become a distraction in the classroom. In addition, software used by teachers in their classrooms cannot be pushed to non-school devices

What if we do not have Wi-Fi at our home?

The Wi-Fi on the Chromebooks will work at all school buildings in the district, so staying after school to do schoolwork is an option. Other options are the public library and many public retail locations, which provide free Wi-Fi. If this is still an issue, please consult with your classroom teacher for a workable solution.

What should I do with my Chromebook during after school activities?

The Chromebook should be stored in a locked location during practices/after school activities (such as a bus or a locker).

Can I lend my Chromebook to my friend/brother/sister/parent/etc.?

No. Once you have been assigned a Chromebook, you are responsible for the care and safekeeping of the device. The device should be in your possession or in a locked location at all times.

P.A.S.S. TESTING

Monday-Friday 7:30 a.m. to 3:00 p.m.

ATTENDANCE POLICY

Working together for success = daily participation at school.

1. The first four student absences per session will be excused provided parents call in to excuse their students within twenty-four hours. Failure to call in within twenty-four hours will result in a truancy referral. (See Parent-Student Contract).
2. Students are required to have documentation for all absences beyond four per session. Undocumented absences are unverified and will count as days truant even if parents call in to excuse them. All undocumented absences and trancies will be made up in detention at a rate of one hour per block truant. Students failing to make up their time will not be allowed to return to HHS the next session.
3. Students may be placed on contract for truancy and leaving school without permission.
4. Students with perfect attendance will be exempt from Community Service requirements as a reward.
5. Students in gross violation of the attendance policy, who do not have an ongoing medical issue/condition or other mitigating circumstances, may be required to complete community service obligations by a deadline before being allowed to return to HHS or may lose their opportunity for an education at HHS and be referred back to Campus High School.

TARDY POLICY

1. The school day begins at 7:40 a.m. with students reporting to their first class.

2. A student who arrives after 7:40 a.m., but before 8:00 a.m. is considered tardy.
3. Any student arriving after 8:00 a.m. will be counted absent and will be required to report to the office to sign in. (See Attendance Policy)
4. After the first tardy, students will be assigned a twenty-minute detention by their teacher in lieu of five points. Students not serving the teacher assigned detention will be referred to the office for failure to serve.

NOTE: Students must have authorization from a parent or guardian to leave school early for the day. In addition, field trips are days required in school. These may include afternoons and Fridays. It is the students' responsibility to make arrangements with work, baby-sitters, etc.

RESTROOM PASS POLICY

Students will be given a five-minute, whole-class, restroom break in the middle of each class period, in addition to passing period opportunities. It is expected that students make use of the restroom facilities during these times. In addition to the five-minute restroom break each class period, students will be allowed **three additional passes** per class per nine-week grading period. Unless there is a documented medical issue, students will be expected to take no more than five minutes to use the restroom and return to class. Any passes given beyond three will result in twenty minutes of detention/makeup time before or after school with their teacher. Students who are absent from class more than five minutes will be required to make up the additional time with their teacher. **Students with documented medical issues will be exempted from these restrictions.**

COMMUNITY SERVICE

HHS partners with community service agencies in the greater Wichita area by volunteering for community service projects. Each fall and spring, the staff and students of HHS devote up to four hours of their time to community service projects. Students who are absent from school on designated Community Service Days are required to volunteer four hours outside of school to an approved, local community service agency for each day absent. Completion of community service is required to continue enrollment at HHS.

COMPLAINTS (BOE Policy, KN)

The board encourages all complaints regarding the district to be resolved at the lowest possible administrative level. Whenever a complaint is made directly to the board as a whole or to a board member as an individual, it will be referred to the administration for study and possible resolution.

Discrimination against any individual on the basis of race, color, national origin, sex, disability, age, or religion in the admission or access to, or treatment or employment in the district's programs and activities is prohibited. Harassment of an individual on any of these grounds is also prohibited. The director of personnel of schools, 1745 W. Grand Ave., Haysville, KS 67060, 316-554-2200 has been designated to coordinate compliance with nondiscrimination requirements contained in Title VI of the Civil Rights Act of 1964, Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and The Americans with Disabilities Act of 1990. Information concerning the provisions of these Acts, and the rights provided there under, are available from the compliance coordinator.

Complaints of discrimination or discriminatory harassment by an employee should be addressed to the employee's supervisor, the building principal, or the district compliance coordinator. 22

Complaints by a student should be addressed to the building principal, another administrator, the guidance counselor, or another certified staff member. Any school employee who receives a complaint of discrimination or harassment from a student shall inform the student of the employee's obligation to report the complaint and any proposed resolution of the complaint to the building principal. If the building principal is the alleged harasser, the complaint shall be reported to the district compliance coordinator. Complaints by any other person alleging discrimination should be addressed to the building principal or the district compliance coordinator. Complaints about discrimination, including complaints of harassment, will be resolved through the following complaint procedures:

Informal Procedures:

The building principal shall attempt to resolve complaints of discrimination or harassment in an informal manner at the building level. Any school employee who receives a complaint of discrimination harassment from a student, another employee or any other individual shall inform the individual of the employee's obligation to report the complaint and any proposed resolution of the complaint to the building principal. The building principal shall discuss the complaint with the individual to determine if it can be resolved. If the matter is resolved to the satisfaction of the individual, the building principal shall document the nature of the complaint and the proposed resolution of the complaint, and forward this record to the district compliance coordinator. Within 20 days after the complaint is resolved in this manner, the building compliance coordinator shall contact the complainant to determine if the

resolution of the matter remains acceptable. If the matter is not resolved to the satisfaction of the individual in the meeting with the building compliance coordinator, or if the individual does not believe the resolution remains acceptable, the individual may initiate a formal complaint.

Formal Complaint Procedures:

- If the investigation results in a recommendation a formal complaint should be filed in writing and contain the name and address of the person filing the complaint. The complaint should briefly describe the alleged violation. If an individual does not wish to file a written complaint and the matter has not been adequately resolved, the building principal may initiate the complaint. Forms for filing written complaints are available in each building office and the central office.
- A complaint should be filed as soon as possible after the conduct occurs, but not later than 180 days after the complainant becomes aware of the alleged violation, unless the conduct forming the basis for the complaint is ongoing.
- If appropriate, an investigation shall follow the filing of the complaint. If the complaint is against the superintendent, the board shall appoint an investigating officer. In other instances, the investigation shall be conducted by the building principal, the compliance coordinator or another individual appointed by the board. The investigation shall be informal but thorough. All interested persons, including the complainant and the person against whom the complaint is lodged, will be afforded an opportunity to submit written or oral evidence relevant to the complaint.
- A written determination of the complaint's validity and a description of the resolution shall be issued by the investigator, and copy forwarded to the complainant no later than 30 days after the filing of the complaint that a student be suspended or expelled, procedures outlined in board policy and state law governing student suspension and expulsion will be followed.
- If the investigation results in a recommendation that an employee be suspended without pay or terminated, procedures outlined in board policy, the negotiated agreement or state law will be followed.
- Records relating to complaints filed and their resolution shall be forwarded to and maintained in a confidential manner by the district compliance coordinator.
- The complainant may appeal the determination of the complaint. Appeals shall be heard by the district compliance coordinator, a hearing officer appointed by the board, or by the board itself as determined by the board. The request to appeal the resolution shall be made within 20 days after the date of the written resolution of the complaint at the lower level. The appeal officer shall review the evidence gathered by the investigator and the investigator's report, and shall afford the complainant and the person against whom the complaint is filed an opportunity to submit further evidence, orally or in writing, within 10 days after the appeal is filed. The appeal officer will issue a

written determination of the complaint's validity and a description of its resolution within 30 days after the appeal is filed.

- Use of this complaint procedure is not a prerequisite to the pursuit of any other remedies including the right to file a complaint with the Office for Civil Rights of the U.S. Department of Education, the Equal Employment Opportunity Commission, or the Kansas Human Rights Commission.

DISCIPLINE

Good discipline is a by-product of good instruction. When teachers make student achievement a priority and organize the learning environment to support successful teaching and learning, discipline also benefits. Discipline is not an end in itself, but a tool to facilitate learning. A program of effective discipline builds on a program of effective instruction and classroom management. Good discipline is based on teaching and positive reinforcement of desirable behaviors.

The goals of discipline at HHS are to:

- a. Increase instances of positive behaviors
- b. Decrease instances of negative behaviors
- c. Reduce loss of instructional time
- d. Improve school climate

Point System

CLASS A	50 points & suspension of up to 10 days
CLASS B	20 points
CLASS C	10 points
CLASS D	5 points

*Students placed on behavior contracts for repetitive offenses will be subject to a dismissal, community service requirements and completion of a PASS Course to return if the contract is violated.

POINT SYSTEM AND CONSEQUENCES

Behavior offenses will be assessed point values of five (5) to (50) points. Accumulation of discipline points will be associated with preset consequences and administered according to the total point collection.

DISMISSAL

If a student accumulates fifty points in any one session, he or she, may be dismissed from Haysville High School. A dismissal would constitute a ten-day suspension and requirements to complete a minimum of ten hours of community service at an approved community service organization and *one PASS correspondence course, which costs \$70.00*, before the student would be

eligible to return. A deadline would be set for completion of the community service/academic requirement which would coincide with the culmination of the ten-day suspension. Failure to meet the requirements to return to school and/or failure to return to school would result in a Truancy Report, if the student is under 18 or listing the student as a high school dropout if the student is 18 or older. Students dismissed three times are not allowed to return to HHS. The suspension from school may be shortened by the early completion of community service and academic requirements.

DETENTION

Students who are referred to the office will be assigned forty-five minutes of after school detention for each five points accumulated or may be assigned In-School Suspension at the discretion of the administration and/or student request. Detentions are served from 3:10 p.m. until 3:55 p.m (Monday-Thursday) & 2:35 p.m. to 3:20 p.m. (Friday & Seminar Days). Transportation is not provided and will need to be arranged by parents. Students arriving late for detention will not be allowed to serve detention. Bottled water only is allowed in detention. Detention time must be used for academic purposes. Students who are disruptive, off-task, sleeping, or nonproductive will be dismissed from detention and assigned additional detention. Students who fail to show up for detention will be assigned an additional detention. Teacher-assigned detentions not served on time will become office-assigned detentions with no discipline points assigned. Office-assigned detentions not served on time will result in an office-discipline referral, 5 points, and two detentions.

All detention hours must be satisfied by the end of each nine-week grading period in order for students to be eligible to return to school in good standing for the next nine-week session. Unresolved detentions result in hours of in-school suspension or community service requirements as determined by administration, at a rate of one hour of community service for each unresolved detention, which will have to be satisfied before the student is eligible to return and attend classes.

Student Discipline Policies

Suspension

Students will be afforded the opportunity to complete assignments missed while serving short-term suspensions, either in or out of school. Teachers will receive a notification for homework in their mailbox the morning following suspension. Materials are needed in the office by the end of the school day, as parents have been instructed that homework will be available after 3:10.

Disciplinary Procedures

It is the philosophy of the Administration and the Board of Education of District 261 that students should conduct themselves in such a way so as to be a credit to the school and community. In order for the students to be aware of what is considered acceptable conduct, this Student Conduct code has been established in conjunction with the following quoted legislation: KSA 72-8901 - 72-8905: "Be it enacted by the legislature of the State of Kansas":
Section 1. The Board of Education of any school district may suspend or expel, or by regulation authorize any certificated employee or committee of certificated employees to suspend or expel, any pupil or student guilty of any of the following:

- A. Willful violation of any published regulation for student conduct adopted or approved by the Board of Education, or Conduct which substantially disrupts, impedes or interferes with the operation of any public school, or
- B. Conduct which substantially impinges upon or invades the rights of others,
or
- C. Conduct which has resulted in conviction of the pupil or student of any offense specified in Chapter 21 of the Kansas Statutes Annotated or any criminal statute of the United States, or
- D. Disobedience of an order of a teacher, peace officer, school authority, when such disobedience can reasonably be anticipated to result in disorder, disruption or interference with the operation of any public school or substantial and material impingement upon or invasion of the rights of others.

The following disciplinary procedures are available when school policies have been violated but are not necessarily used entirely in the following sequence. Note that selected violations of the student conduct code of means the student is choosing to have consequences enforced. Though there is a need for some administrative discretion, these and other disciplinary consequences are to be enforced uniformly and fairly for all. Other preset consequences could be added as necessary and a policy of progressive consequences will be enforced for those with multiple violations. All violations are subject to suspensions of one to five days depending on their severity. These procedures are based on a belief that students "can and must" control their behavior while allowing for some possible mistakes in the learning process.

Short-Term Suspension From School:

This suspension will be a one to five-day suspension from school to afford the student, parents and school the time needed to give careful study of the behavior problem.

Extended Suspension or Expulsion From School:

This suspension will be for a five to ten-day period at the end of which it will be determined if expulsion of the student will be pursued. Long-term suspensions may be for the rest of the current session.

DISCIPLINE POINT SYSTEM

CLASS A	50 points & 10-day suspension
CLASS B	20 points
CLASS C	10 points
CLASS D	5 points

Offenses will be classified and discipline administered according to the nature of the offense. Accumulated points will be used in consideration of expulsions.

*Students who are dismissed from HHS may be recommended for expulsion, or recommended to the PASS Program.

**Students dismissed from HHS three times for disciplinary reasons may not be allowed to return HHS.

The use of ESI shall cease as soon as the immediate danger of physical harm ceases to exist. Violent action that is destructive of property may necessitate the use of an ESI. Use of an ESI for purposes of discipline, punishment, or for the convenience of a school employee shall not meet the standard of immediate danger of physical harm.

Emergency Safety Interventions

GAAF-3

ESI Restrictions: A student shall not be subjected to ESI if the student is known to have a medical condition that could put the student in mental or physical danger as a result of ESI. The existence of such medical condition must be indicated in a written statement from the student’s licensed health care provider, a copy of which has been provided to the school and placed in the student’s file.

Such written statement shall include an explanation of the student's diagnosis, a list of any reasons why ESI would put the student in mental or physical danger, and any suggested alternatives to ESI. Use of Seclusion: When a student is placed in seclusion, a school employee shall be able to see and hear the student at all times. A seclusion room shall be a safe place with proportional and similar characteristics as other rooms where students frequent. Such room shall be free of any condition that could be a danger to the student, well-ventilated, and sufficiently lighted.

Training

All staff members shall be trained regarding the use of positive behavioral intervention strategies, de-escalation techniques, and prevention techniques. Such training shall be consistent with nationally recognized training programs on ESI. The intensity of the training provided will depend upon the employee's position. Administrators, licensed staff members, and other staff deemed most likely to need to restrain a student will be provided more intense training than staff who do not work directly with students in the classroom. District and building administration shall make the determination of the intensity of training required by each position.

Each school building shall maintain written or electronic documentation regarding the training that was provided and a list of participants, which shall be made available for inspection by the state board of education upon request.

Also, a parent may agree, in writing, to receive only one same-day notification from the school for multiple incidents occurring on the same day.

Emergency Safety Interventions
GAAF-4

Schools may group incidents together when documenting the items in subparagraphs (A), (B) and (C) if the triggering issue necessitating the ESIs is the same.

The parent shall be provided the following information after the first and each subsequent incident during each school year: (1) a copy of this policy which indicates when ESI can be used; (2) a flyer on the parent's rights; (3) information on the parent's right to file a complaint through the local dispute resolution process (which is set forth in this policy) and the complaint process of the state board of education; and (4) information that will assist the parent in navigating the complaint process, including contact information for Families Together and the Disability Rights Center of Kansas. Upon the first occurrence of an incident of ESI, the foregoing information shall be provided in printed form or, upon the parent's written request, by email. Upon the occurrence of a second or subsequent incident, the parent shall be provided with a full and direct website address containing such information.

If a school is aware that a law enforcement officer or school resource officer has used seclusion, physical restraint, or mechanical restraint on a student, the school shall notify the parent the same day using the parent's preferred method of contact. A school shall not be required to provide written documentation to a parent, as set forth above, regarding law enforcement use of an emergency safety intervention, or report to the state department of education any law

Emergency Safety Interventions

GAAF-5

All such documentation shall be provided to the building principal, who shall be responsible for providing copies of such documentation to the superintendent or the superintendent's designee on at least a biannual basis. At least once per school year, each building principal or designee shall review the documentation of ESI incidents with appropriate staff members to consider the appropriateness of the use of ESI in those instances.

Reporting Data

District administration shall report ESI data to the state department of education as required.

Parent Right to Meeting on ESI Use

After each incident, a parent may request a meeting with the school to discuss and debrief the incident. A parent may request such meeting verbally, in writing, or by electronic means. A school shall hold a meeting requested under this subsection within 10 school days of the parent's request. The focus of any such

meeting shall be to discuss proactive ways to prevent the need for emergency safety interventions and to reduce incidents in the future.

For a student with an IEP or a Section 504 plan, such student's IEP team or Section 504 plan team shall discuss the incident and consider the need to conduct a functional behavioral assessment, develop a behavior intervention plan, or amend the behavior intervention plan if already in existence.

For a student with a section 504 plan, such student's section 504 plan team shall discuss and consider the need for a special education evaluation. For students who have an individualized education program and are placed in a private school by a parent, a meeting called under this subsection shall include the parent and the private school, who shall consider whether the parent should request an individualized education program team meeting, the private school shall help facilitate such meeting.

For a student without an IEP or Section 504 plan, the school staff and the parent shall discuss the incident and consider the appropriateness of a referral for a special evaluation, the need for a functional behavioral assessment, or the need for a behavior intervention plan. Any such meeting shall include the student's parent, a school administrator for the school the student attends, one of the student's teachers, a school employee involved in the incident, and any other school employees designated by the school administrator as appropriate for such meeting.

The student who is the subject of such meetings shall be invited to attend the meeting at the discretion of the parent. The time for calling such a meeting may be extended beyond the 10-day limit if the parent of the student is unable to attend within that time period. Nothing in this section shall be construed to prohibit the development and implementation of a functional behavior assessment or a behavior intervention plan for any student if such student would benefit from such measures.

Local Dispute Resolution Process

If a parent believes that an emergency safety intervention has been used on the parent's child in violation of state law or board policy, the parent may file a complaint as specified below.

Emergency Safety Interventions

GAAF-6

The board of education encourages parents to attempt to resolve issues relating to the use of ESI informally with the building principal and/or the superintendent before filing a formal complaint with the board. Once an informal complaint is received, the administrator handling such complaint shall investigate such matter, as deemed appropriate by the administrator. In the event that the complaint is resolved informally, the administrator must provide a written report of the informal resolution to the superintendent and the parents and retain a copy of the report at the school. The superintendent will share the informal resolution with the board of education and provide a copy to the state department of education.

If the issues are not resolved informally with the building principal and/or the superintendent, the parents may submit a formal written complaint to the board of education by providing a copy of the complaint to the clerk of the board and the superintendent within thirty (30) days after the parent is informed of the incident.

Upon receipt of a formal written complaint, the board president shall assign an investigator to review the complaint and report findings to the board as a whole. Such investigator may be a board member, a school administrator selected by the board, or a board attorney. Such investigator shall be informed of the obligation to maintain confidentiality of student records and shall report the findings of fact and recommended corrective action, if any, to the board in executive session.

Any such investigation must be completed within thirty (30) days of receipt of the formal written complaint by the board clerk and superintendent. On or before the 30th day after receipt of the written complaint, the board shall adopt written findings of fact and, if necessary, appropriate corrective action. A copy of the written findings of fact and any corrective action adopted by the board shall only be provided to the parents, the school, and the state department of education and shall be mailed to the parents and the state department within 30 days of the board's receipt of the formal complaint.

If desired, a parent may file a complaint under the state board of education administrative review process within thirty (30) days from the date a final decision is issued pursuant to the local dispute resolution process.

SEMINAR

Seminar allows students who need additional help to go to their teacher to get additional instruction on a one-on-one basis. Seminar for many students is also an opportunity to build a stronger relationship with their teacher. This

opportunity for teachers to mentor their students is crucial for students at Haysville High School.

During seminar, students will be assigned a homeroom. Roll will be taken and students will then be allowed to travel to teachers to get help in the areas they need. Students who are passing all of their classes with a 70% or higher, adequate weekly progress in Acellus, have no makeup work or tests to take care of will, on the Thursday before, have a progress report signed that will allow them to be dismissed from seminar period on the following day. Students will also have to get parental permission in order to be dismissed from seminar. Students who leave without permission, or without going through the proper steps will be held accountable as per the student discipline policy. This will require students who need additional help to remain on Friday afternoons to work with their teachers and it will encourage all students to try harder as well. Parents who do not want their students dismissed on Fridays can opt to keep them at school for seminar.

Seminar Rules

Students may use seminar to...

- ...study for upcoming tests.
- ...get extra help.
- ...makeup missing homework, tests, quizzes.
- ...work on projects

Once your work is made up in all classes you may...

- ...work ahead in Acellus or read silently.
- ...get a **Golden Ticket** to go to the Commons/Gym if available for free time, use of cell phone as appropriate, visit with friends, play games, play basketball, provided staff is available to supervise.

Students in class during seminar may not...

- ...lay or sit on the floor.
- ...work out in the hall or commons (see Golden Ticket above).
- ...sleep during seminar.
- ...visit with other students.
- ...pass, write, or read notes.
- ...disrupt seminar.
- ...play games; use their cell phones.

Seminar Procedures

1. Progress Reports are contained within the Student Agenda.
2. Each teacher will complete the progress report for each student during each class on Thursday. Teachers are to keep grades and Acellus academic progress by percentage and grade current so parents and students have an accurate picture of academic progress. Each teacher will document student

progress in each course and will indicate if the student has earned early release.

3. Students take Student Agendas home for parents to sign their progress report.
4. Eligible students will be dismissed at 12:15 on Seminar Days.
5. Students who remain must use their agenda to travel to their teachers.
6. Students required to stay for seminar must stay for the entire seminar period. Students called out by parents will be required to make up time in detention the following week.
7. Students who do not have a parent permission slip signed for dismissal or parent signature on the progress report will not be dismissed.
8. There will be a \$5.00 replacement fee for all agendas.

*Students without a full schedule may be released after their last hour on Friday, after being cleared by Mrs. Rummery and Mr. Foster, if they meet the following criteria:

- A. They have a 70% or better in all classes, on track with Acellus weekly progress for all classes (13% weekly average) & no missing assignments or tests.
- B. They have completed all of their JTP requirements.
- C. They have followed seminar procedures.

**JTP students may be required to stay until 2:30 p.m. on Fridays. JTP students may be removed from JTP for failure to maintain good academic standing
