Workshop Description: Yay! There's another adult in the room with me. Now what do I do?? In this workshop, we will look at the most effective uses of paraprofessionals in the classroom by exploring what works and what doesn't work, common misconceptions of what a paraprofessional role is in the classroom, and how the teacher and paraprofessional can work collaboratively to meet the needs of all students. A large portion of the day will be spent on working on a "handbook" or binder to be used specifically for your classroom.

Presenter: *Annie Dugan*

Annie has twenty years of classroom experience in a Language Arts and Reading classroom. Twelve of these years were spent in Haysville USD 261 at both Haysville Middle School and Haysville West Middle School as an intensive reading teacher. She has a Master's Degree from Wichita State University in Curriculum and Instruction with emphasis on reading. She has extensive hands-on experience developing and implementing reading curriculum which focus on research and best practices to maximize learning opportunities in a diverse classroom. Currently, Annie provides reading consulting and tutoring through her own practice, Inspired Literacy.
