USD 261 Haysville does not discriminate on the basis of race, color, national origin, sex, disability, or age in its programs and activities.

WORKSHOP DESCRIPTION:

What is blended learning? It is the practice of using both online and in-person learning experiences when teaching students. But it so much more than just adding technology to the classroom. In this workshop, we will discuss the pros and cons of using technology in the classroom, the research that supports using a blended approach, and effective uses of technology. Participants will spend time looking at their curriculum and exploring ways to create a blended classroom.

PRESENTER: Annie Dugan

Annie has twenty years of classroom experience in a Language Arts and Reading classroom. Twelve of these years were spent in Haysville USD 261 at both Haysville Middle School and Haysville West Middle School as an intensive reading teacher. She has a Master’s Degree from Wichita State University in Curriculum and Instruction with emphasis on reading. She has extensive hands-on experience developing and implementing reading curriculum which focus on research and best practices to maximize learning opportunities in a diverse classroom. She provides reading consulting and tutoring through her own practice, Inspired Literacy.
