## Coding Expenditures in the Budget Document

## (Definitions for Functions, Sub-functions, Objects)

Funds in the USD budget document have a general definition as currently used under Kansas law, which would include such funds as general, career and postsecondary education, special education, etc. Within each fund will be a breakdown by function, sub-function, object and sub-object. This document will explain what expenditures should be charged under which code.

Additional information can be found in the Kansas Accounting Handbook which is available on the KSDE School Finance website (located under Guidelines): http://www.ksde.org/Default.aspx?tabid=429

This handbook explains in detail how functions, sub-functions and objects are used to breakdown expenditures in each of the funds, and includes a section with Guidelines for Activity Funds.

(a) Weighted FTE enrollment is computed by taking the total clock hours of bilingual students who are enrolled and attending in an approved bilingual class on 9-20-2019 and dividing by 6 (cannot exceed 6 hours for an individual student). Total clock hours $\quad 300.0 \div 6 \times 0.395=19.7500$ (Record on Line 5)
(b) FTE is computed by taking the total headcount of bilingual students who are enrolled and attending in an approved bilingual class on 9-20-2019 and multiplying by factor of 0.185 . Total headcount $175 \times 0.185=32.3750$ (Record on Line 5)
(c) FTE is computed by taking the total clock hours of career and technical education students who are enrolled and attending in an approved vocational class on 9-20-2019 and dividing by 6 (cannot exceed 6 hours for an individual student). Total clock hours $1,170.0 \div 6=195.0000$ (Record on Line 6)
(d) In order to access new facilities weighting, a USD must have adopted at least a $25 \%$ LOB. Only eligible to schools that passed a bond election prior to July 1, 2015 and bond money was used for construction of new facilities or new schools that were built primarily with federal funds on a military reservation located on USD 207 and USD 475.
(e) Four year old at risk students are counted as .5 FTE. USD must be approved by the Kansas State Department of Education.
(f) Comes from form 118 (line 20).
(NOTE: If September 20 falls on a weekend, the following Monday will be the official count date.)

## ADDITIONAL DEFINITION FOR SCHOOL FACILITIES (Must use a minimum LOB listed below to qualify for this provision.)

e) School Facilities Definition - School facilities weighting is available for school districts whose adopted local option budget (LOB) is at least 25\% for 2014-15 and have constructed an entirely new facility or an addition to an existing facility. Only eligible to schools that had a bond election prior to July 1, 2015 and bond money was used for construction of new facilities or new schools that were built primarily with federal funds on a military reservation located on USD 207 or USD 475.

The determination of weighting will be based upon the number of full-time equivalent (FTE) students that are enrolled and attending in the new facility September 20 (and February 20 for districts qualifying under K.S.A. 72-5139). In the case of school districts that have constructed an addition to existing facilities, the number of students that are enrolled and attending in the new classroom facility will be counted on a full-time equivalent basis (see example 2.) The additional weighting for this provision of the law is applicable for two years only. For a new facility, the FTE is for the entire building (see example 1). For additions to an existing facility, the following calculation would be utilized.

Example \#1: (For new buildings.)
For a totally new constructed building, the FTE equals the total enrollment FTE for that building.

|  | Headcount | $\frac{\text { FTE }}{77.0}$ |
| :--- | :---: | :---: |
| Kindergarten | 77 | 87.0 |
| Grade 1 | 87 |  |
| Grade 2 | 81 | 81.0 |
| Grade 3 | 75 | 75.0 |
| Weighting for example: |  | $320.0 \times 0.25=80.0 \times \$ 4,436=\$ 354,880$ |

Example \#2: (For new additions)
Total number of students in each new classroom Number of class periods (divide by) $\qquad$ Full-time equivalent enrollment = $\qquad$
Example:

| New classroom A | $=$ | 105 |
| ---: | :--- | ---: |
| students for the day |  |  |
| New classroom B | $=$ | 154 |
| students for the day |  |  |

Weighting for above example: $73.3 \times 0.25=18.3 \times \$ 4,436=\$ 81,179$

## Qualifying for the 3yr Average (Goes to Table I)

1. Did the district receive Federal Impact Aid?
2. Did the district have a military dependent student enrolled during the 2018-19 school year?
3. Did the district decline in enrollment for 2018-19 school year compared to the 2017-18 school year?
$=\mathrm{NO}$
$=\frac{\mathrm{YES}}{=} \mathrm{NO}$

## 2019-20 Budget General Information USD \#: 261

## Introduction

The school board, administrators, teachers, and staff worked diligently this past year to persevere in the face of severe budget cuts and an anti-education faction in the Kansas Legislature. The district worked hard to improve academic achievement for all students. As a learning community all members improved their knowledge and skills.

# The District's Accomplishments and Challenges 

## Accomplishments

Haysville USD 261 had another banner year in terms of achieving numerous, noteworthy accomplishments. The students, teachers, staff and citizens should be extremely proud of these achievements.

One of the most outstanding achievements was the long-awaited delivery of increased funding from the Kansas legislature. While this took a great deal of time and effort, ultimately the Supreme Court forced the legislature to provide additional funding for our schools this year and for the foreseeable future.

The schools and district continued to receive honors and recognition. Last year all of our district schools were awarded the designation of Capturing Kids Hearts National Showcase Schools. In addition, the district was named the first Capturing Kids Hearts National Showcase District. This past year all of our schools were again recognized as National Showcase Schools and the district was recognized as a National Showcase District. This makes us the two-time defending National Champions of the Capturing Kids Hearts Program.

Both the Campus High School Girls' Bowling Team and the Boys' Bowling Team were crowned 6A state champions this year. The girls' team has been state champions three out of the past four years. In addition, head bowling coach Kenny Fulkerson was named 6A Coach of the Year and All Class Coach of the Year.

The Campus High School Baseball Team was crowned 6A State Champions. Junior Tanner Leslie was named the 6A Player of the Year. In addition, head coach Bryan Clasen was named 6A Coach of the Year.

The Campus High School Future Family, Career and Community Leaders of America (F.C.C.L.A.) Knowledge Bowl Team participated in the national competition. The team finished second in the nation.

District teachers and administrators received honors over the course of the year too. Nelson teacher Michelle Ramirez was named a Horizon Teacher of the Year for her efforts as a first year teacher. Campus High School teacher Renae Spangler received the Carl Perkins Community Service Award. Freeman Elementary principal Toni Haight was honored by the Kansas Association of Special Education Administrators as the Administrator of the Year. Tri-City Day School director Gina Keirns received the Administrator of the Year Award from the Midwest Symposium for Leadership in Behavior Disorders.

## Challenges

Enrollment in Haysville USD 261 continues to increase. As more students enroll in our schools, the district will need to consider how to accommodate this increasing enrollment. Additional attendance centers will need to be considered. In addition, students are coming to school with additional disruptive behaviors that hinder the learning of all students in classes. Further, we must be diligent in our observation of the legislature when it comes to education and school funding issues.

## Coding the USD Budget Document

Funds will have the general definition as currently used under Kansas law, which would include such funds as general, vocational education, special education, etc. Within each fund will be a breakdown of five major functions performed by school personnel or activity. The function describes the activity for which a service or material object is acquired. These five major functions include instruction, support services, operation of non-instructional services, facilities acquisition and construction services, and other outlays such as debt service and fund transfers.

Functions are further broken down into sub-functions, service areas and areas of responsibility. The major sub-functions fall under the support services. The services include student support, instructional support, general administration, school administration, operations and maintenance, and other support services. Each of these levels consists of activities that have somewhat the same general operational objectives. Furthermore, categories of activities comprising each of these divisions and subdivisions are grouped according to the principle that the activities can be combined, compared, and are related. For example:

```
            Function 2000 Support Services
            Sub-function 2300 General Administration
                        Service area 2310 Board of Education Services
            2313 Board Treasurer
```

An effort has been made to group together functions in relation to the magnitude of expenditures typically found in the LEA. This grouping corresponds to the categories most frequently requested in reporting to external authorities, especially the federal government. The numbering code for functions are always in even thousands, such as 1000; 2000; 3000; etc.

Within each function or sub-function will be a breakdown of expenditures that will be object codes. Examples of object codes would be salaries, employee benefits, purchased professional and technical services, purchased property services, other purchased services, supplies and equipment. The object codes may have a further breakdown by different types of expenditures under each object code. For example, salaries could be further broken down into salaries for teachers and other salaries for instruction.

Below are definitions taken from the Kansas Accounting Handbook explaining what expenditures should be charged under which code.

## FUNCTION DEFINITIONS <br> EXPENDITURES

## Code

1000 Instruction
Instruction includes the activities dealing directly with the interaction between teachers and students. Teaching may be provided for students in a school classroom, in another location such as a home or hospital, and in other learning situations such as those involving co-curricular activities. It may also be provided through some other approved medium such as two-way interactive video, television, radio, telephone, and correspondence. Included here are the activities of aides or classroom assistants of any type (clerks, graders, teaching machines, etc.) that assist in the instructional process.

Include only regular and part-time teachers, teacher aides, or assistants, homebound teachers, hospital based teachers, substitute teachers and teachers on sabbatical leave.

## 2000 Support Services

Support services provide administrative, technical (such as guidance and health), and logistical support to facilitate and enhance instruction. These services exist to fulfill the objectives of instruction, community services and enterprise programs, rather than as entities within themselves.

The sub-function of this function includes: Student Support Services, Instructional Staff Support Services, General Administration, School Administration, Business, Operation and Maintenance of Plant Services, Student Transportation, Central Support, and Other Support.

## Operation of Non-Instructional Services

Activities concerned with providing non-instructional services to students, staff or the community. This would include such activities as food service operations, enterprise operations (such as LEA bookstores) and community services (such as recreation, public library, and historical museum).

Facilities Acquisition and Construction Service
Activities concerned with acquiring land and buildings; remodeling buildings; constructing buildings and additions to buildings; initially installing or extending service systems and other built-in equipment; and improving sites.

## 5000

Other Services
A number of outlays of governmental funds are not properly classified as expenditures, but still require budgetary or accounting control. These are classified under Other Services. These include debt service payments (principal and interest) and certain transfers of monies from one fund to another.

## SUBFUNCTION DEFINITIONS

## EXPENDITURES

Definition - A sub-function is the next level of accounting breakdown under the functions. An illustration of this in the Support Services function would be:

## Code

## 2000 Support Services

2100 Student Support Services
2200 Instructional Staff Support Services
2300 General Administration
2400 School Administration
2500 Central Services
2600 Operation and Maintenance of Plant Services
2700 Student Transportation Services
2900 Other Support Services
The numbering code for the main sub-functions always has been hundreds in the last 3 digits such as 2100,2200 , etc.; 3100,3200 , etc. Further breakdown below the main sub-functions will continue such as:

2110
2111

## There are no sub-functions in the Instruction function category.

## OBJECT DEFINITIONS

## EXPENDITURES

The final breakdown of expenditures is called object codes. The object codes include such expenditures as salaries, employee benefits, purchased services, supplies and equipment. A detailed breakdown of object codes is provided for those schools that would like a further breakdown. Listed below are the nine major object codes and their definitions:

100 Personal Services - Salaries - amounts paid to all employees of the district. This includes gross salary for personal services rendered while in the payroll of the district.

Employee Benefits - Amounts paid by the district in behalf of employees; these amounts are not included in the gross salary, but are in addition to that amount. Such payments are fringe payments and, while not paid directly to employees, nevertheless are part of the cost of personal services. Used with all functions except 5000.

Purchased Professional and Technical Services - services which by their nature can be performed only by persons or firms with specialized skills and knowledge. Included are the services of architects, engineers, auditors, dentists, medical doctors, lawyers, consultants, teachers, accountants, etc.

Purchased Property Services - services purchased to operate, repair, maintain, and rent property owned or used by the district. These services are performed by persons other than district employees.

500 Other Purchased Services - amounts paid for services rendered by organizations or personnel not on the payroll of the district (separate from Professional and Technical Services or Property Services). While a product may or may not result from the transaction, the primary reason for the purchase is the service provided.

Supplies and Materials - amounts paid for items that are consumed, worn out, or deteriorated through use.
Property - expenditures for acquiring fixed assets, including land or existing buildings; improvements of grounds; initial equipment; additional equipment; and replacement of equipment.

Other Objects - amounts paid for goods and services not otherwise classified above.

Other Uses of Funds (Appropriated Funds Only) - this series of codes is used to classify transactions which are not properly recorded as expenditures to the LEA but require budgetary or accounting control. These include redemption of principal and interest on long-term debt and fund transfers. Used with governmental funds only.

## Fund Classification Descriptions

## Description

$>$ General Fund, Supplemental General Fund (i.e. Local Option Budget/LOB)
Accounts for all financial resources of the LEA except those required to be accounted for in another fund.
$>$ Special Revenue Funds (Adult Education, Special Liability Expense, Adult Supplemental Education, Bilingual Education, Virtual Education, Driver Training, Professional Development, Parent Education Program, Summer School, Special Education, Career and Postsecondary Education, Textbook \& Student Materials Revolving Fund, Capital Outlay Fund, Extraordinary School Program, Food Service, Extraordinary Growth Facility, Coop Special Education, Federal Funds, At Risk 4yr Old, At Risk K-12, Cost of Living, Declining Enrollment, and KPERS.)
Account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are legally restricted to expenditure for specified purposes. Some examples of special revenue funds might include:

Restricted State or Federal grants-in-aid Restricted tax levies

A separate fund may be used for each restricted source, or one fund may be used supplemented by the dimension Project/Reporting code.
> Capital Project Funds
Account for bond proceeds used to acquire or construct major capital facilities.
> Debt Service Funds (Bond \& Interest, Special Assessment, No-Fund Warrants and Temporary Notes)
Account for the accumulation of resources for, and the payment of general debt, principal and interest.
> Internal Service Funds
Internal Service Funds are used to account for the financing on a cost-reimbursement basis of goods or services provided by one department or agency to other departments or outside agencies. This type of fund is used to ensure that all costs are accounted for and recovered through user fees. However, use of an internal service fund is not required. It is acceptable to use a special revenue fund for this purpose.
$>$ Trust and Agency Funds (Recreation Commission, Recreation Commission Employees Benefit, Library Board, Library Board Employees Benefit, Historical Museum, School Retirement, Special Reserve Fund, Contingency Reserve Fund, Gifts and Grants.)
> General Fixed Asset Accounts
All of a governmental unit's fixed assets which are not recorded in an enterprise, internal service, or trust fund, should be recorded in the General Fixed Assets Account Group. This account group is not a fund and does not, therefore, report operations like the general fund or a special revenue fund. It is essentially a list of the district's fixed assets and is designed to help ensure accountability.
> General Long-Term Debt Account Group
All of a governmental unit's long-term debt that is not recorded in an enterprise, internal service, or trust fund, should be recorded in the General Long-Term Debt Account Group. This account group is not a fund and does not, therefore report operations like the general fund or a special revenue fund. It is essentially a list of the district's unmatured debt such as general obligation bonds, temporary notes, and no-fund warrants. It would also include liabilities for certain compensated absences (vacation and sick leave) and other claims and judgments against the district.

## $>$ NOTE: Student Activity Funds

Accounts for moneys related to fees and user charges, gate receipts, school project accounts, student organization accounts, and special revolving accounts. Go online to download the Accounting Handbook: http://www.ksde.org/Default.aspx?tabid=429. In the Table of Contents, find the section called Guidelines for School Activity Funds that provides specific recommendations to manage these accounts.

[^0]:    *The funds that are included in the categories above are: General, Supplemental General, Bilingual Education, Preschool-Aged At-Risk, At Risk(K-12), Virtual Education, Capital Outlay, Driver Education, Extraordinary School Program, Summer School, Special Education, Career and Postsecondary Education, Professional Development, Bond \& Interest \#1, Bond \& Interest \#2, No-Fund Warrant, Special Assessment, Parent Education, School Retirement, Student Materials Revolving \& Textbook Rental, Gifts/Grants, KPERS Special Retirement Contribution, Contingency, Special Liability Expense, Federal Funds, Adult Education, Adult Supplemental Education, Activity Fund and Special Education Coop Fund.
