Workshop Description

Come learn some helpful tips and tricks for your Cricut machine and Design Space!

We will explore how to weld items, contour out pieces you want hidden, upload a file into Design Space, convert a file type to a cut-able file type, unlock height and width, bring a shape to the front or back, and much more. A power point will be shown including step-by-step instructions.

Attendees will need to bring a Cricut machine and a laptop. Please bring 3 sheets of 651 vinyl (12x12 inch), 3 sheets of HTV (12x12 inch) and 6 sheets of cardstock (8.5x11), a green mat (12x12), a weeding tool, a roll of scotch tape, Cricut markers, scissors, and a burnishing tool. I'm excited to see what we can create together!
