## **ARTICLE IV: PROFESSIONAL DAY**

### **Section A: TIME SCHEDULE**

Paragraph 1: To facilitate the supervision of students and the instructional program of the district, professional personnel must be at their places of assignment preceding, during, and following each day of school.

Paragraph 2: Teachers shall work in accordance with established time schedules as determined by the principal and approved by the superintendent. Under normal circumstances, changes should be proposed no later than February 1 for the following school year. Building Administration in cooperation with the building staff will conduct an anonymous vote of the proposed schedule. If the proposed time schedule is rejected by 2/3 of the teachers at that building the proposed schedule will not be implemented. The teachers must reject the proposed time schedule within twenty calendar days. Such schedule shall include the lunch time(s), passing time(s) if utilized, plan time and the numbers of and time for teaching periods. *In the event that a district wide schedule change is proposed, the Superintendent in cooperation with the Haysville Education Association will present the proposed change to district staff and will conduct a district wide anonymous vote of the proposed schedule change. If the proposed time schedule is rejected by 2/3 of the staff the proposed schedule will not be implemented.*

Paragraph 3: Report time will be 225 minutes per week. The 225 minutes may be established by each principal. If the proposed time schedule is rejected by 2/3 of the teachers at that building the proposed schedule will not be implemented. The teachers must reject the proposed time schedule within five school days.

Paragraph 4: No exceptions with respect to the hours that teachers are to be on duty may be made without the prior consent of the building principal.

Paragraph 5: It is the philosophy of the district that teachers are to remain at school during the contract day. During a teacher's non-teaching times when the teacher finds it necessary to leave the building, the teacher will notify the office of the building principal and fill out the given form stating when and why he/she is leaving, and his/her expected return time. In such instances, as the building principal determines that an individual teacher's absence conflicts with scheduled responsibilities, the building principal may establish prior consent as a requisite for leaving the building during the contract day.

Paragraph 6: No individual teacher will be assigned professional responsibilities or duties during his/her 25-minute lunch break with the understanding that the length of the lunch break may vary occasionally due to scheduling difficulties, availability of staff, availability of facilities, and those circumstances beyond the control of the building principal. No elementary teacher will be assigned professional responsibilities during his/her 25-minute lunch break.

### **Section B: PLANNING TIME**

Paragraph 1: Each elementary teacher will have a 30 minute block of time each day for planning purposes during which time they will have no assigned responsibilities with students. The additional 15 minutes of the 40 minutes lunch block will be used for planning purposes. The district will provide additional elementary plan time by employing 4 additional specialty area teachers. The release time created by these teachers will be distributed on a reasonably equitable basis.

Paragraph 2: Each secondary teacher will have two school periods of time every two days, during which time the teacher will have no assigned responsibilities with students. In the event that the

schedule dictates, a teacher may have two plans every other day, in lieu of one plan every day, upon agreement between teacher and administrator.

Paragraph 3: Conferences with students, parents, and administrators may be scheduled with teachers during planning time.

### **Section C. ADDITIONS TO THE DAY**

Paragraph 1: Teachers may be required to attend evening meetings for the purpose of student hearings, parent conferences or where teacher involvement is necessary. Student hearings and conferences will be scheduled at mutually agreed times when possible. Every possible effort will be made to secure the mutual consent of all parties involved and as close to the contract day as possible. The Board recognizes that teachers have personal obligations during evening hours, and required attendance will be kept to a minimum.

Paragraph 2: Many school related activities, by necessity, are carried on outside regular school hours and require staff help in addition to administrators. The supervision and work assignment necessary above supplemental contracts will be worked out cooperatively by administrative staff and the teaching staff. The building administrator will prepare and publish the duty schedule necessary to cover activities. The administrator shall make a good faith effort to fill the supervisory assignments\* with competent volunteers from within the building. The administrators shall make a good faith effort to fill the non-supervisory assignments with competent volunteers from the employees of the district and residents of the district. Ticket takers and crowd supervision are positions that are supervisory. When a teacher is scheduled for a duty schedule but cannot fulfill it, then a teacher may ask the administrator for permission to seek a volunteer who will constitute a replacement. The teacher should give the administrator in charge the name of the substitute six hours in advance of the activity scheduled. If such volunteers are not secured, teachers may be assigned to the schedule.

\*Supervisory assignments are those assignments, which require special skills or supervision of students.

Paragraph 3: When possible, teachers shall be given notice of meetings at least two days prior to the meeting unless an emergency occurs. Teachers shall have an opportunity to suggest items for the agenda.

The teacher receiving such a leave shall be entitled to all of the rights and benefits of employment he/she would have received had he/she performed his/her regularly contracted functions during the period of such leave. No such leave shall be granted until the questions as to which school district shall pay the salary and other employment obligations of such teacher have been resolved in a written agreement between the school districts concerned.

Paragraph 4: Medical Leave: Teachers may request medical leave without pay from the beginning of one school year to the beginning of the following school year upon filing such a request with the building principal or immediate supervisor. The teacher on leave shall notify the Board by April 15 of his/her intentions whether or not to return. If no position is available, termination pay of thirty-three and one third percent (33 1/3%) of up to a maximum of 100 accumulated sick leave days will be paid to the teacher. The termination pay will not be collectible should the teacher elect not to return. If a position is available, the teacher shall retain his/her accumulated temporary leave and the same position on the salary schedule as that held when the leave began.

Paragraph 3: Educator evaluation process will be consistent with procedures outlined in State Law.

### **Section B: PURPOSE**

The purpose of the educator evaluation process is to provide for continual improvement of instruction and student learning. It is the belief of the Board and the Association that this procedure will provide the best opportunity for a educator to have security in employment and to improve his/her effectiveness.

### **Section C: GENERAL PROCEDURES**

Paragraph 1: The building principal and/or immediate supervisor shall discuss educator evaluation objectives, procedures, and evaluation tool with the educators before the evaluation each year. The Haysville Educator Assessment Tool is approved for use in the district.

Paragraph 2: Educator-building principal and/or immediate supervisor evaluations shall be arranged according to the following schedule:

- (a) During the first two (2) consecutive years of employment in a school, each educator shall be evaluated at least once each semester. Additional evaluations shall be scheduled as needed in order to provide new educators with maximum assistance in the strengthening and improving of educator performance.
- (b) During the third and fourth consecutive years of employment, each educator shall be evaluated at least once each year.
- (c) All other educators in the school and/or district shall be formally evaluated at least once every three years thereafter.
- (d) Evaluations may be made on any educator more often than is stipulated if deemed necessary by the superintendent.

Paragraph 3: In addition to the formalized evaluation procedures, it is expected that frequent conferences of a more informal nature will take place concerning improving the quality of teaching performance. These conferences may result from a variety of circumstances such as but not limited to:

- (a) Observation by the building principal and/or immediate supervisor in the area in need of immediate improvement.
- (b) Concerns expressed by the educator concerning any problem or areas in which the educator feels the need for assistance in order to improve educator performance.

Paragraph 4: This in no way excludes the superintendent from making classroom visitation for the purpose of educator evaluations. If, as a result of informal observation and ensuing conferences,

specific guidelines and directives are needed to improve teaching performance, these are to be filed in the same manner as the formal evaluation reports.

Paragraph 5: Copies of the educator evaluation report shall be made for the building principal and/or immediate supervisor, the superintendent, and the educator. A copy of the completed evaluation report and the responses thereto shall be maintained in the educator's personnel file for a period of not less than three (3) years.

Paragraph 6: The educator's file in the building principal's office and in the superintendent's office shall be open to the inspection of the educator during regular business hours or by appointment. Credentials and related papers from educator placement bureaus, which, by their own regulations, are labeled "confidential," shall not be open to inspection by the educator.

Paragraph 8: All monitoring or observation of the professional performance of a educator shall be conducted openly.

Paragraph 9: Any complaints regarding a educator's classroom activities made to a Board member, administrator, or other person, shall be promptly called to the educator's attention by the building principal. These complaints shall be handled objectively and pursued until the issue is, hopefully, resolved.

Paragraph 10: No material derogatory to the educator's conduct, service, character, or personality shall be placed in the educator's file unless the educator has had an opportunity to review the material. The educator shall have the right to answer any material filed, and this answer shall be affixed to the material and placed with it in the educator's file.

#### **Section D: PROCEDURE FOR EDUCATOR EVALUATION REPORT (CHECK LIST)**

Paragraph 2: Each mark of exemplary or unsatisfactory must be supported by written statements or documentation. Any job targets created shall be over an agreed time period and shall be monitored by the evaluator. For any mark of unsatisfactory the evaluator and the educator being evaluated will hold a conference after the period for improvement to determine the success or failure.

Paragraph 3: Self-evaluation may be considered an integral and important part of the total evaluation program. Prior to formal evaluation conferences, educators will evaluate themselves on the evaluation criteria and bring the self-evaluation to the conference for discussion.

Paragraph 4: The completed evaluation shall be presented to the educator during a conference and the educator shall acknowledge such presentation by his or her signature thereon. At any time not later than ten (10) school days after such presentation, the educator may respond in writing. Such response may serve as a rebuttal of any portion of the report that the educator feels is inaccurate, unfair, or incomplete. The educator may request a review of the evaluation by the superintendent. Such request should be in writing with a copy to the building principal for his/her information.

Paragraph 5: Copies of the Educator Evaluation Report shall be made for the superintendent, the building principal, and the educator. A copy of the completed evaluation report and the responses

thereto shall be maintained in the educator's personnel file for a period of not less than three (3) years.

## **Section E: PLAN OF ASSISTANCE**

Paragraph 1: Normally problems concerning educator performance will be called to the educator's attention in an evaluation report, however, it may be necessary for the building principal to conduct a conference and prepare a written Plan of Assistance.

Paragraph 2: Prior to the conference, the building principal should create an agenda carefully noting those items of concern, which are to be discussed in the conference. (This is not to be done on the Plan of Assistance.) The educator will then be notified of the conference, and in the conference will be fully informed of the building principal's concerns. In the Plan of Assistance the building principal should give positive suggestions for remedying the deficiencies, which may exist in the educator's conduct, attitude, or general work habits. Additionally, a date or time frame should be established by the building principal within which the necessary improvement must be shown. The date and time of the follow-up conference should be established as part of the Plan of Assistance.

Paragraph 3: In those instances where a educator's infraction of rules or delinquency in professional performance is at that time of such consequence that it may affect the educator's employment status, the Board or its administrators shall write a Plan of Assistance, in triplicate, containing the following:

- (a) Items of concern (cite specific examples)
- (b) Suggested measurable remedies
- (c) Time frame for improvement

Paragraph 4: The educator should be given an opportunity to attach any comments he/she may have concerning the conference or the concerns and recommendations contained in the Plan of Assistance. After both have had an opportunity to comment, the building principal and the educator should sign the Plan of Assistance. This signature does not indicate that the educator agrees with the Plan of Assistance, or that the building principal agrees with the educator's comments, but rather attests to the fact that the conference was held and that the educator was apprised of the Plan of Assistance created with the building principal.

Paragraph 5: After the Plan of Assistance is signed, the educator should receive a copy and the building principal should maintain a copy for his/her file. The original should be sent to the superintendent.

The Board shall hold such meeting within 10 days after the filing of the teacher's request. The Board shall specify the reason or reasons for the Board's intention to not renew the teacher's contract. The teacher shall be afforded an opportunity to respond to the Board. The Teacher and/or Board may be accompanied by a representative. This representative shall be limited to the Uniserv Director or a current district employee. Within 10 days after the meeting, the Board shall reconsider its reason or reasons for nonrenewal and shall make a written final decision as to the matter.

### **Section B: REDUCTION IN FORCE**

Should further reduction be necessary, the Board shall first retain those teachers possessing current teaching certificates who are qualified to teach in those grades and/or subjects to be taught.

Paragraph 2: Prior to reduction, the Board shall attempt to place the teachers to be reduced in other teaching situations.

Paragraph 3: Teachers who are reduced shall be offered recall to vacant positions, which they are certified to teach.

Paragraph 4: Recall will be initiated as soon as possible upon the existence of a vacancy in the district.

Paragraph 5: No new appointments shall be made by the Board while there are reduced teachers available who are certified to fill the vacancies.

Paragraph 6: No teacher will lose his/her recall rights if he/she secures other employment during the reduction.

Paragraph 7: Any teacher reemployed by recall shall be given full salary, related benefits, and experience as if continuously employed within the district.

Paragraph 8: Any teacher reduced shall be accorded recall rights for a period of twelve months unless specifically waived in writing. The Board shall annually provide the Association with a current list of those who have retained these rights. The Association shall have the right to file a grievance for a teacher who is not currently employed if it appears that his/her reemployment rights have been violated.

### **Section A: ASSIGNMENT**

Paragraph 1: It is the philosophy of the Board that teachers shall be fully certificated for all classes they are assigned to teach, and at the grade level which they are assigned to teach. The superintendent shall make every reasonable effort to give notice of assignments to new teachers as soon after employment as practical and, except in cases of emergency, not later than June 30.

### **Section B: TRANSFER**

Paragraph 1: All vacancies in existing and newly created positions shall be publicized by the superintendent. Such vacancies shall be posted via the district website.

Paragraph 2: A teacher who desires a change in grade or subject assignment for the following year within his or her building should file a written statement of such desire with the building principal.

Paragraph 3: A teacher who desires transfer to another attendance center for the following year may do so by applying for posted vacancies as an “internal candidate” through the online application system via the district web site.

Paragraph 4: If a teacher's request for a change of assignment is denied, the teacher may request a written explanation from the superintendent's office.

Paragraph 5: An involuntary transfer shall only be made after a meeting between the teacher involved and the superintendent, at which time the teacher shall be given written reasons for such transfer. The teacher shall have the right to have an Association representative or another party of the teacher's choice present at the meeting.
