## **Philosophy of Activities**

The Board of Education believes that a dynamic program of student activities is vital to the educational development of the student.

The Activity Program should provide a variety of experiences to aid in the development of favorable habits and attitudes as an integral part of the total curriculum; and it shall offer opportunities to serve the institution, to assist in the development of fellowship and goodwill, to promote self-realization and all-around growth, and encourage learning the qualities of good citizenship.

## **Statement of Purpose**

The Purpose of the Campus High School Activity Program is:

- A. To provide a positive image of the school district.
- B. To strive for excellence.
- C. To ensure growth and development of the individual in these areas:
  1. Physical Fitness: To develop each individual to his/her highest physical fitness capacity through the development of strength, neuromuscular coordination, vigor and vitality.
  2. Mental Fitness: To develop within each individual the ability to use ethical values to reason and judge rationally before making decisions.
  3. Emotional Fitness: To develop within each individual the ability to control emotions in situations highly charged with tension and to learn to sacrifice personal whims in regard for the skills and abilities of others in group activities.
  4. Recreational Fitness: To develop within each individual an understanding and appreciation of fine arts, games, sports, and outdoor life, which the individual may enjoy for his/her leisure, time in life.
  5. Educational Fitness: To develop in the individual the confidence to present himself/herself well to others, the ability to express his/her thoughts clearly, the desire to listen with understanding, and the knowledge to understand his/her duties and rights as a citizen.
- D. To provide a laboratory that will allow students to cope with problems and handle situations similar to those encountered under conditions prevailing in the contemporary world. This laboratory should provide adequate and natural opportunities for
  1. Physical, mental, and emotional growth.
  2. Acquisition and development of special skills in activities of each student's choice.
  3. The development of such team play values as loyalty, cooperation, fair play, and other desirable social traits.
  4. Directed leadership and supervision that stresses self-discipline, self-motivation, excellence, and the ideals of good sportsmanship that make for winning and losing graciously.
  5. A focus of interest on activity programs for the student body, faculty, and community that will generate a feeling of unity.
  6. Achievement of initial goals as set by the school in general and the student as an individual.
  7. Provisions for worthy use of leisure time in life, either as a participant or a spectator.
  8. Participation by the most skilled will enable these individuals to ascertain possibilities for future vocational pursuits.
  9. Participation purely for the purpose of having fun.

- E. To learn to enjoy one of the greatest heritages of youth – the privilege of competition.
- F. To learn to accept the responsibilities that come with the privilege of competition.
- G. To learn the violation of a rule in a contest results in a penalty and that this same sequence follows in the game of life.

## **Club/Activity Sponsors**

### I. Professional and Personal Relationships

- A. Rapport: A sponsor must be able to develop a good rapport with any number of individuals and groups; team personnel, the student body, the professional staff (faculty, administration, maintenance, etc.), the community as a whole, spectators, officials, fellow sponsors in the conference, media representatives, and the parents of his/her students. Good rapport and an image of competency are invaluable for the sponsor.
- B. Cooperation: The district expects a maximum of cheerful give and take between all individuals associated in any degree with the comprehensive program. Sponsors must work hand-in-hand with their activity coordinator, principal, and other members of their staff.
- C. Leadership: Diligence, enthusiasm, honesty, and love for the activity are all part of professional pride that should be exhibited by any sponsor. Personal appearance, dress, physical condition - all should be exemplary. Dressing appropriately for activities and building positive attitudes are very important.

A sponsor must be in control at all times. Language, actions, and emotional displays come under very close scrutiny, both in practice and in scheduled contests. Integrity, graciousness, dignity, and respect are to be cultivated – for players, officials, opponents, colleagues, and the activity itself, whether winning, losing, or just working out.

Every facet of discipline is the sponsor's responsibility. Individually, the sponsor becomes a model of all that the program represents - observation of school codes, training rules, rules of the game, ideals of good sportsmanship, and behavior of participants throughout the season, at home and away.

### II. Specific Duties

- A. The role of the sponsor is to actively supervise club/organization events to maintain student safety and uphold school and BOE policy.
- B. Oversee student leaders as they facilitate club events, including
  1. Organize a booth for the Activity Fair at the beginning of each year.
  2. Promote the membership drive (collect dues if they are charged)
  3. Compile and update all membership lists throughout the year.

  5. Call and set meetings.
  6. Notify members of meetings, projects, agendas, etc.
  7. Communicate with the officers on any activities, projects, fund-raisers, etc.

## **Regulations For Use Of Theatre**

1. An adult sponsor (subject to the approval of the administration) is to be present any time students are in the auditorium.
2. Students or sponsors operating lighting or sound equipment belonging to the school district must be checked out on the proper operation of such equipment by the theater instructor or a designated representative. There will be a charge for the services of the theatre instructor.
3. The light loft, light cage, and scene shop are off-limits to students unless the performance of their responsibilities makes it necessary that they be in one or more of those areas. This includes the area above the light cage.
4. Upon leaving the auditorium, sponsors must ensure that 1) stage and house lights are off, 2) work lights are on, 3) all doors are securely closed and locked, and 4) the three doors on the east side of the stage and scene shop are barred.
5. All painting and construction work is to be done in the scene shop or on stage. All brushes are to be cleaned immediately, and tools are to be put away when finished. Care must be taken to limit the amount of paint that reaches the stage or scene shop floor. The theater instructor will attempt to supply spike tape if it is necessary to mark the stage floor.
6. It is necessary that the stage and/or auditorium be cleaned after each use BY THE GROUP USING THAT AREA. This includes each rehearsal or work session.
7. Users of the stage are expected to have struck their sets and returned the stage to its basic condition by 8:00 AM of the next school day following their final performance unless conditions dictate otherwise. Extensions must be obtained in advance from the theater instructor.
8. Food and drink are not permitted in the auditorium during school hours and are only permitted on the apron of the stage, the pit in front of the stage, or in the lobby of the auditorium outside of the school day unless such items are props for a rehearsal or performance.
9. Any damages or losses resulting from the use of the auditorium will be charged to the organization that has reserved its use. Failure to properly clean the area following its use, which results in further cleanup by theatrical or custodial staff, will result in a clean-up charge. In the case of school organizations or clubs, charges will be deducted from budgets and/or club funds.
10. Users who fail to observe the rules listed above or other requirements set by board policy or by law may be denied future permission to use such facilities.

## **Field Trip Procedures**

1. Secure administrative approval from the Activities Director more than ten days before the trip. When approving trips, the activities director will consider the following items:
  - a. Basic Information: where, when, how many students, funding, adequate sponsorship, out-of-state trips require BOE approval, etc.
  - b. Academic Impact: how will this benefit student learning, relation to curricular goals, etc.
  - c. Scheduling flexibility: how many classes will be missed, does this event conflict with other events, etc.

2. Complete the following forms at least ten days in advance of the trip.
  - a. Submit a Campus Activity Trip Notice electronically to the Activities Director.
  - b. Complete the AESOP request for a substitute if you will be off campus during the contract day.
  - c. Send out and collect parent permission forms (If you are a KSHSAA-regulated activity, these are on file with the Activities Secretary). A sample form showing the required information is available in the CHS Activities Office.
  - d. If money is needed, submit an Activities Purchase Requisition to the Activities Director.
  - e. Submit a Transportation Request online.
  - f. If your event occurs outside of school hours, collect and copy emergency information forms from the Activities Secretary. These forms will have parent/guardian contact information if the CHS office staff members are unavailable.
3. On the day of your trip, take attendance and call the Attendance Secretary to verify attendance before leaving the school grounds.

## **Fundraising**

### **Fund Raising Guidelines**

The purpose of fundraising is to raise money for projects and activities of an organization, club, or class to benefit student activities beyond what is allowed by the Board of Education subsidy. School organizations provide an important extracurricular opportunity to develop student leadership and involvement through the attainment of worthwhile goals designed to accomplish the organization's purpose--fundraising should not be for individual gain, membership parties, etc. The following guidelines encourage student involvement with "checks and balances" designed to provide accountability and protection for all parties handling fundraising products and monies. They also recognize the need for funds by "many" organizations operating in a limited market. There are many ways to involve students in the organization's purpose with little or no costs--Campus cleanup in the beautification, providing tutoring services, posters/recognition, etc.

1. All projects, drives, campaigns, etc. must be submitted to the Activities Director (AD) for approval on a "Fund Raising Request" form and receive approval before initiating any fundraising attempt. The AD will screen requests concerning the following: a) organization's need/goal, b) conflict with other school activities or fundraisers, c) type, quality, and price of the product, d) experience with expected support by the company (presorted products, return of unsold items, computer generated checkout/collection summaries for each seller and total group, etc.).
2. The organization or its executive committee working with the sponsor must vote for the fundraiser and a club purchase order must be signed by the sponsor, then turned in with a purchase requisition to the AD.
3. All income and expenditures must be processed through the club's school activity account. All funds must be placed in the school activity account and dispersed by check. Under no circumstances is any sponsor or club member to collect money and then spend it. No checks will be issued until funds are available in the club account. Balances are not allowed to go below zero. Most fundraising companies work with schools through pre-sales/consignment and bill the organization after products are distributed, and monies are collected.

4. The sponsor is responsible for the products purchased and the monies collected. The system of accounting for the distribution of products and collection/transfer of monies should be approved by the Activities Director. The Activities Director is available to help develop an accurate accounting system with "checks and balances" to protect the sponsor, students and organization from accusations of theft/loss and to help ensure the projected profit for the efforts expended. Many companies provide computer-generated checkout/collection sheets that could easily be modified to provide appropriate checks and balances.
5. DISTRIBUTION OF PRODUCT: The recommended procedure is that the money is to be collected when the product is delivered. If you need a different procedure, please contact the A.D. in advance. Whether you use students to sort items into individual seller bags for their distribution and collection or the company provides this service, each bag should contain a listing of what items go to each customer and the amount to be collected (including 6.3% tax) from each customer and total amount to be collected for all items issued. Have one student confirm the count in each bag and initial listing. Set a time, with officer help, for sellers to pick up items confirming count in bag and sign/date checkout sheet to that effect. Checkout/Collection sheet (could be a sheet for each individual or summary of all sellers) should contain "Seller Name," individual "Item Count, per item Cost," "Tax", "Total Due" to be collected by the seller, and sign/date "Item Receipt" column.
6. UTILIZE STUDENTS- IT'S THEIR FUNDRAISER, BUT BE PRESENT AND MONITOR THEM FOR THEIR PROTECTION. Work with the AD to help determine your students' appropriate level of involvement in handling monies for the approved fundraiser.
7. USE LOCKED BANK BAG/VAULT/NIGHT DEPOSIT: The cashier will issue the sponsor a lockable bank bag for safe storage of their monies from tampering while the bag is in their possession or the vault. One key will be issued to the sponsor; the other key will be at the bank. Only the sponsor should control the key. Check with the cashier for procedures--the Campus vault or night deposit or when you are not working with them. Frequent deposits or using a different bag for daily collections is suggested versus transporting large sums of monies to and from your room. Except in the sponsor's presence, students should not have access to the bank bag.
8. COLLECTION OF MONIES: A checkout/Collection sheet may be used to record the collection of monies from students.
  - a. Set time for collection of monies in your presence.
    1. Have officers accept money packets from sellers and confirm \$ count in presence of the seller, record date/\$-amount (could give a receipt to seller), return to and seal \$-packet. OR
    2. If there isn't time to confirm the \$-amount in the packet, then make the seller understand that records of date/CS confirm only that the SEALED packet was received and that the \$- amount may be confirmed later in their presence or they will be notified if there are any discrepancies when the packet is later opened and confirmed by an officer and sponsor, together.
  - b. Sponsors should accept money packets from students outside of scheduled times to avoid students carrying large sums of monies around school but insist on the sealed envelope procedure above. If you can't record the receipt of the packet at the time, record it later (a handwritten receipt to the student at the time would be appropriate).

9. **BALANCING PROCEDURE:** If you and your officers have worked closely on the collection of monies, then at frequent intervals (following major collections), you should sit down with them and balance the total monies collected against the sum of "\$-Packet Confirmed" amounts on the checkout/collection sheet. If balanced, then package monies, deposit monies with the cashier, and band/store packets with notes to indicate already balanced/deposited. The more frequently you do this procedure, the better your chance of identifying and correcting any discrepancies.
10. **RECEIPT OF MONIES FROM OFFICERS TO SPONSORS:** If you were not intimately involved in the collection/confirmation of monies by your officers, then their signature confirming acceptance of collected monies leaves the responsibility with them for these monies.
- a. Either confirm the contents of each \$-packet with them along with the dates and amounts on the checkout sheet and confirm the monies they accept by continuing with the procedures above (identity and correct discrepancies). OR
  - b. Utilize the sealed-envelope procedure with them until later confirmation can be accomplished. OR
  - c. Require them to provide you with a "Student Officer/Sponsor Deposit Slip" recording packaged monies and the amounts on attached empty \$-packets to allow you to accept a total amount of money by signing the deposit slip--the \$-packet deposit listing should be checked against the collection on the checkout/collection sheet and checked for correct addition (adding machine tape would facilitate this).
    1. Monies deposited with the cashier are to be packaged in separate denominations (\$5 bills, \$1 bills, quarters, etc.) with totals listed on the "Cashier Deposit Slip" form along with a listing (adding machine tape) and a total of amounts of checks submitted. An electric change sorter, pre-sized coin sleeves, and adding machine are available through the cashier. It is suggested that club officers be involved in helping with this packaging, always in the presence of the sponsor. Put packaged monies, deposit sheets, and check tape in the locked bag and return it to the vault. Give the cashier the key and have her confirm your deposit and issue a receipt. This procedure will provide a check & balance between the sum of your collections from individuals and the aggregate total of monies collected--any discrepancies can then be analyzed by the most familiar with the collection process, yourself/officers.
    2. The deposit sheet will help identify the cause of any discrepancies between your submitted deposit and the cashier's count. As long as you provide security for your funds through the locked bag and vault/night deposit, you may wait until the end of your fundraiser to package monies just once (Do not hold checks for extended periods, you may submit "checks only" for deposit every few days. Checks are to be made out to Campus or CHS. The organization's initials should be written in the upper right-hand corner in case the check is returned--see cashier for initials to use.) Small, infrequent amounts of money may be deposited directly with the cashier for an immediate receipt. Still, it is suggested that the locked bag/vault be used to collect a reasonable amount of money (\$300-\$500) from a large fundraiser before packaging and depositing. You may package and deposit monies daily if you prefer. Work with the AD and cashier on storing monies in the vault and coordinating an appropriate deposit schedule for your fundraiser. **NEVER LEAVE MONIES ON THE CASHIER'S DESK--HAND IT DIRECTLY TO HER OR USE THE BAG/VAULT/KEY SYSTEM ABOVE!**

Typically, a major portion of the monies from a fundraiser will be deposited within 2 weeks of the initial delivery date of the products. The collection/deposit of the remaining monies and return of products to the company will generally be concluded within 4 weeks of the initial delivery date.

1. After every attempt has been made by the sponsor to collect money/product for fundraising from the student's name and their "outstanding obligation" into the AD along with a copy of the accounting system supporting the same. The AD will attempt to collect the obligation and transfer it to the cashier as an "outstanding obligation" (and withholding of transcript) if the AD is unable to collect.
2. Figure and collect current sales tax on all fundraising items sold--by law, it must be paid whether you collect it or not.
3. Receipt books are to be used. They may be obtained from the cashier. Receipt books must balance with deposit slips.

#### I. Campus High School Lettering Policy

All groups that have awarded letters will continue to be eligible to award letters upon review of their existing criteria. In the future, any new KSHSAA-sponsored or sanctioned activity will be eligible to apply for the privilege to award letters. Finally, applications for an activity to award letters must be submitted by April 1 of the prior year to the lettering committee. The lettering committee will review the application. If approved, it will be submitted to the principal for final approval. If not approved, the application (with critique) will be returned.
- B. Each application for the privilege to award a CHS letter must include but need not be limited to the following criteria for lettering:
1. Specify a significant number of hours to be spent in practice and preparation outside the school day.
  2. Identify the measurements of high-quality participation in events, activities, and/or competitions.
  3. Assure significant dedication to group goals as measured by attendance, deportment, persistence, and other considerations as determined by the sponsor.
  4. Require active membership in the group throughout the duration of the activity.
  5. Assure that each student will be in good standing at CHS as defined by the Principal. (Students are eligible to letter the first eight semesters of high school attendance.)
  6. Include an accurate description of requirements for lettering and a system to report and maintain records of those who have lettered.

#### II. Additional recommendations for process and timing of award presentation:

- A. Letters to be awarded at end of the school year and beginning of the following year.
- B. A review board was set up initially to determine and deliberate student requests to investigate and review whether the letter award is due based partially on former participation and/or promise of the letter. The review board shall consist of the principal, activity director, athletic director, and head of each department. To review a case five members of the review board shall be present and shall be selected by the principal.

### **Article III. Newspaper: Colt Special**

A.N.P.A. Association of Newspaper Publishers – Editors

The primary function of newspapers is to communicate to the human race what its members do, feel and think. Journalism therefore, demands of its practitioners the widest range of intelligence, of

knowledge, and of experience, as well as natural and trained powers of observation and reasoning. To its opportunities as a chronicle are indissolubly linked its obligations as teacher and interpreter.

To the end of finding some means of modifying sound practice and just aspirations of American Journalism these canons are set forth:

- A. **RESPONSIBILITY:** The right of a newspaper to attract and hold readers is restricted by nothing but consideration of public welfare. The use of a newspaper makes the share of public attention it gains, serves to determine its sense of responsibility, which it shares with every member of its staff. A journalist who uses his power for any selfish or otherwise unworthy purpose is faithless to a high trust.
- B. **FREEDOM OF THE PRESS:** Freedom of the press is to be guarded as a vital right of mankind. It is the unquestionable right to discuss whatever does law, including the wisdom of any restrictive statute, not explicitly forbid.
- C. **INDEPENDENCE:** Freedom for all obligations except that of fidelity to the public interest is vital.
  - 1. Promotion of any private interest contrary to the general welfare, for whatever reason, is not compatible with honest journalism. So-called news communication from private sources should not be published without public notice of their source or else substantiation of their claims to value as news, both in form and substance.
  - 2. Partisanship in editorial comment that knowingly departs from the truth violates the best spirit of American journalism. In the news columns it is subversive of a fundamental principal of the profession.
- D. **SINCERITY, TRUTHFULNESS, ACCURACY:** Good faith with the reader is the foundation of all journalism worthy of the name.
  - 1. By every consideration of good faith, a newspaper is constrained to be truthful. It is not to be excused for lack of thoroughness or accuracy within its control, or failure to obtain command of these essential qualities.
  - 2. Headlines should be fully warranted by the contents of the articles that they surmount.
- E. **IMPARTIALITY:** Sound practice makes clear distinction between news reports and expressions of opinions. News reports should be free from opinion or bias of any kind. This rule does not apply to so-called special articles unmistakably devoted to advocacy or characterized by a signature authorizing the writer's own conclusions and interpretations.
- F. **FAIR PLAY:** A newspaper should not publish unofficial charges affecting reputation or moral character without opportunity given to the accused to be heard. Right practice demands the giving of such opportunity in all cases of serious accusations outside judicial proceedings.
  - 1. A newspaper should not invade private rights or feelings without sure warranty or public right as distinguished from public curiosity.
  - 2. It is the privilege as it is the duty, of newspaper to make prompt and complete correction of its own serious mistakes of fact or opinion, whatever their origin.
- G. **DECENCY:** A newspaper cannot escape conviction of insincerity if, while professing high moral purposes, it supplies incentives to base conduct, such as are to be found in details of crime and vice, publication of which is not demonstrably for the general good. Lacking authority to enforce its canons, the journalism here represented can but express the hope that deliberate pandering to vicious instincts will encounter effective public disapproval or yield to the influence of a preponderant professional condemnation.

#### **Article IV. Yearbook: The Yearling**

- A. It is the policy of the Board of Education to provide adequate facilities and staff to regularly produce thorough quality Journalism, a high school yearbook.
- B. Regulations pertaining to Journalism activities of Campus High School are determined by the KSHSAA.

- D. It is the responsibility of the Journalism teachers to keep themselves informed of KSHSAA rules and regulations and to so inform their students.

- H. In no case shall there be any endorsements of a product or service by the school or by any of its personnel.
