To The

SCHOOL BOARD POLICY CLASSIFICATION SYSTEM

The index includes many terms that do not appear in the policy classification system. These are underlined and cross-referenced to appropriate descriptors. In addition, major descriptors appear in several places. This again is to facilitate the user's search for correct term placement in the system.

The purpose for indexing many terms not appearing in policy is to be able to adapt both the index and the policy classification system to the wide diversity of school districts that are using this KASB contracted service.

Discrimination against any individual on the basis of race, color, national origin, sex, disability, age, or religion in the admission or access to, or treatment or employment in the district's programs and activities is prohibited. The superintendent of schools, 1745 W. Grand Ave., Haysville, KS 67060, 316-554-2200 has been designated to coordinate compliance with nondiscrimination requirements contained in Title VI and Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and The Americans with Disabilities Act of 1990.

Complaints of discrimination should be addressed to an employee's supervisor or to the building principal or the compliance coordinator. Complaints against the superintendent should be addressed to the board of education.

BOE Approved: July 7, 2003; BOE Reviewed and Approved: August 17, 2009

The board of education is committed to providing a positive and productive working and learning environment, free from discrimination on the basis of sex, including sexual harassment. Sexual harassment will not be tolerated in the school district. Sexual harassment of employees or students of the district by board members, administrators, certificated and support personnel, students, vendors, and any others having business or other contact with the school district is strictly prohibited.

Sexual harassment is unlawful discrimination on the basis of sex under Title IX of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1964, and the Kansas Acts Against Discrimination. All forms of sexual harassment are prohibited at school, on school property, and at all school-sponsored activities, programs or events. Sexual harassment against individuals associated with the school is prohibited, whether or not the harassment occurs on school grounds.

It shall be a violation of this policy for any student, employee or third party (visitor, vendor, etc.) to sexually harass any student, employee, or other individual associated with the school. It shall further be a violation for any employee to discourage a student or another employee from filing a complaint, or to fail to investigate or refer for investigation, any complaint lodged under the provisions of this policy. Violation of this policy by any employee shall result in disciplinary action, up to and including termination.

Sexual harassment shall include, but not be limited to, unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when: (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment; (2) submission to or rejection of such conduct by an individual is

used as the basis for employment decisions affecting such individual; or (3) such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment.

Sexual harassment may result from verbal or physical conduct or written or graphic material. Sexual harassment may include, but is not limited to: verbal harassment or abuse; pressure for sexual activity; repeated remarks to a person, with sexual or demeaning implication; unwelcome touching; or suggesting or demanding sexual involvement accompanied by implied or explicit threats concerning an employee's job status.

The district encourages all victims of sexual harassment and persons with knowledge of such harassment to report the harassment immediately. Complaints of sexual harassment will be promptly investigated and resolved.

Employees who believe they have been subjected to sexual harassment should discuss the problem with their immediate supervisor. If an employee's immediate supervisor is the alleged harasser, the employee should discuss the problem with the building principal or the district compliance coordinator. Employees who do not believe the matter is appropriately resolved through this meeting may file a formal complaint under the district's discrimination complaint procedure. (See KN)

Complaints received will be investigated to determine whether, under the totality of the circumstances, the alleged behavior constitutes sexual harassment under the definition outlined above. Unacceptable conduct may or may not constitute sexual harassment, depending on the nature of the conduct and its severity, persuasiveness and persistence. Behaviors which are unacceptable but do not constitute harassment may also result in employee discipline.

Any employee who witnesses an act of sexual harassment or receives a complaint of harassment from another employee or a student shall report the complaint to the building principal. Employees who fail to report complaints or incidents of sexual harassment to appropriate school officials may face disciplinary action. School administrators who fail to investigate and take appropriate corrective action in response to complaints of sexual harassment may also face disciplinary action.

Initiation of a complaint of sexual harassment in good faith will not adversely affect the job security or status of an employee, nor will it affect his or her compensation. Any act of retaliation against any person who has filed a complaint or testified, assisted, or participated in an investigation of a sexual harassment complaint is prohibited. Any person who retaliates is subject to immediate disciplinary action, up to and including termination of employment.

To the extent possible, confidentiality will be maintained throughout the investigation of a complaint. The desire for confidentiality must be balanced with the district's obligation to conduct a thorough investigation, to take appropriate corrective action or to provide due process to the accused.

False or malicious complaints of sexual harassment may result in corrective or disciplinary action against the complainant.

A summary of this policy and related materials shall be posted in each district facility. The policy shall also be published in student, parent and employee handbooks as directed by the district compliance coordinator. Notification of the policy shall be included in the school newsletter or published in the local newspaper annually.

Employees are entitled to military leave under the Uniformed Services Employment and Reemployment Act of 1994. The Act applies to military service that began on or after December 12, 1994 or military service that began before December 12, 1994 if the employee was a reservist or National Guard member who provided notice to the employer before leaving work.

Reemployment rights extend to persons who have been absent from work because of “service in the uniformed services.” The uniformed services consist of the following military branches:

- Army, Navy, Marine Corps, Air Force or Coast Guard.
- Army Reserve, Navy Reserve, Marine Corps Reserve, Air Force Reserve or Coast Guard Reserve.
- Army National Guard or Air National Guard.
- Commissioned corps of the Public Health Service.
- Any other category of persons designated by the President in time of war or emergency.

“Service” in the uniformed services means duty on a voluntary or involuntary basis in a uniformed service, including:

- Active duty.
- Active duty for training.
- Initial active duty for training.
- Inactive duty training.
- Full-time National Guard duty.
- Absence from work for an examination to determine a person’s fitness for any of the above types of duty.

The employee may be absent for up to five (5) years for military duty and retain reemployment rights. There are, however, exceptions, which can exceed the five (5) years limit. Reemployment protection does not depend on the timing, frequency, duration or nature of an individual's service. The law enhances protections for disabled veterans including a requirement to provide reasonable accommodations and up to two (2) years to return to work if convalescing from injuries received during service or training.

The returning employee is entitled to be reemployed in the job that they would have attained had they not been absent for military service, with the same seniority, status and pay, as well as other rights and benefits determined by law. If necessary, the employer must provide training or retraining that enables the employee to refresh or upgrade their skills so they can qualify for reemployment. While the individual is performing military service, he or she is deemed to be on a furlough or leave of absence and is entitled to the non-seniority rights accorded other individuals on non-military leaves of absence. Individuals performing military duty of more than 30 days may elect to continue employer sponsored health care for up to 18 months at a cost of up to 102 percent of the full premium. For military service of less than 31 days, health care coverage is provided as if the individual had never left. All pensions, which are a reward for length of service, are protected.

Individuals must provide advance written or verbal notice to their employers for all military duty. Notice may be provided by the employee or by the branch of the military in which the individual will be serving.

Notice is not required if military necessity prevents the giving of notice; or, the giving of notice is otherwise impossible or unreasonable.

Accrued vacation or annual leave may be used (but is not required) while performing military duty. The individual’s timeframe for returning to work is based upon the time spent on military duty.

TIME SPENT ON MILITARY DUTY	RETURN TO WORK OR APPLICATION FOR REEMPLOYMENT
Less than 31 days:	Must return at the beginning of the next regularly scheduled work period on the first full day after release from service, taking into account safe travel home plus an eight (8) hour rest period.
More than 30 but less than 181 days:	Must submit an application for reemployment within 14 days of release from service.
More than 180 days:	Must submit an application for reemployment within 90 days of release from service.

The individual’s separation from service must be under honorable conditions in order for the person to be entitled to reemployment rights. Documentation showing eligibility for reemployment can be required. The employer has the right to request that an individual who is absent for a period of service of 31 days or more provide documentation showing:

- a. the application for reemployment is timely;
- b. the five-year service limitation has not been exceeded; and,
- c. separation from service was under honorable conditions.

If documentation is not readily available or it does not exist, the individual must be reemployed. However, if after reemploying the individual, documentation becomes available that shows one or more reemployment requirements were not met, the employer may terminate the individual, effective immediately. The termination does not operate retroactively.

Questions should be directed to Veterans' Employment and Training Service, U.S. Department of Labor.

Kansas law also requires reemployment if an individual is called to active duty by the state.

Classified Employees

The district will pay overtime pay when appropriate to classified employees. Overtime will be paid on all hours worked in excess of forty (40) hours per week at the rate of one and one-half times the regular hourly rate.

Sick leave time, paid holidays, annual leave, weather-related absences, jury duty, compensatory time, etc. are not considered hours worked according to the Fair Labor Standards Act. As such, overtime is not paid when those hours are part of the excess of forty (40) in a week. The FLSA requirement to pay overtime for hours worked over forty (40) in a week applies only to time the employee actually spends working. Entry into overtime work will be voluntary by the employee and must be at the request of district supervisory personnel, with the approval of the associate superintendent.

Certified Employees

Certified employees are exempt from the Fair Labor Standards Act.

Compensatory Time

If an employee works more than forty (40) hours during a specific work week, that person may receive compensatory time rather than overtime pay. The rate of compensatory time shall be one and one-half hours for each hour of overtime worked. Compensatory time as a compensation method shall be mutually agreed on between the employee and the supervisor before the work is performed.

An employee with accrued compensatory time may elect to use such time in the event of an emergency school closing for the time he/she would otherwise be expected to work.

General Provisions have been made by the Board of Education for absence from duty in the following categories by support personnel:

- a. Emergency and Legal Leaves
- b. Illness and Personal Business Leave
- c. Professional Development Leave
- d. Military Leave

Attendance

a. All employees are expected to be regular in attendance and to be at their assigned workstations through the duty day. When it is necessary for an employee to be absent, the employee is expected to notify his/her supervisor before the start of the scheduled work shift.

b. Absences, which are without pre-approved leave, and absences, which extend beyond the leave balance for the specified reason are subject to review by the immediate Supervisor and/or Personnel Division.

Accumulated Sick Leave

Sick leave is a benefit granted to employees who must be absent from their employment duties due to personal injury or illness.

All support personnel who work a minimum of three and one-half (3 ½) hours per day on a regular basis shall be credited with sick leave. All full-time employees, seven (7) hours or more per day shall be credited with ten (10) days sick leave at the beginning of each school year and shall have added to that annual amount any accumulated, unused days of

sick leave from previous years to a maximum of (130) days. Employees working three and one-half (3 ½) to seven (7) hours per day shall be credited with leave in proportion to their work schedule. Sick leave may accumulate from year to year for consecutive service only. If an employee is off the payroll at any time during the normal working year, his/her sick leave accumulation is lost.

- a. Termination Pay: Upon termination with the district, an employee will be paid one third (1/3) of up to the amount of 100 accumulation days of sick leave.
- b. Use of Sick Leave: Sick leave days must be used for personal illness or injury and/or illness, injury, or death in the immediate family. Medical disability due to pregnancy shall be treated the same as any other medical disability. A certificate signed by a licensed physician verifying illness or injury may be required by the Board and/or Superintendent. The Board may require an independent medical opinion, at the Board's expense, from another licensed physician. Sick leave will be used only on days the employee is assigned to work.
- c. Personal Business Leave: Employees will be permitted to use three (3) of the ten (10) days of sick leave each year for personal business leave. Personal business leave may be used to transact business, which cannot normally be transacted outside of the workday. Personal business leave may not be used immediately prior to or following any school vacation or holiday. Personal business leave will be used only on days the employee

is assigned to work. May be waived at the discretion of the immediate supervisor.

No salary will be allowed under the provision of this policy for days missed in excess of those accumulated or for reasons other than those specified. In case of termination during the fiscal year (July 1 - June 30), the total accumulated sick leave shall be computed at the rate of one (1) day per month worked to a maximum of the ten (10) days during that year. Any days missed and paid for in excess of the total accumulated temporary leave will be deducted from the final salary check, or, if the final check is not of an amount sufficient to cover same, the terminating employee will be expected to reimburse the school district for the difference.

Employees shall notify their principal or immediate supervisor as soon as prudently possible when sick leave or personal leave is to be taken.

The daily rate of pay granted for sick leave or personal leave will be based on the number of hours the employee works during a normal day.

BOE Approved: July 7, 2003

- (c) When the balance of days in the bank drops below 120 in a given plan year, a new donation of days will be necessary.

- (e) An application requesting withdrawal of days from the sick leave bank must be filed with a governing committee. That committee will be appointed annually by the superintendent to include representatives of both classified and administrative personnel.
- (f) The days drawn from the bank shall be used for the personal prolonged illness of the employee or the extended illness of a member of the immediate family*.
- (g) The maximum number of days that an employee may draw from the bank will be determined by the governing committee. In no case will that number of days overlap the beginning date of KPERS disability benefits for the employee.

Denial of the application to withdraw days from the sick leave bank may be appealed to an appeal committee. The appeal committee shall consist of one person appointed by the governing committee of the bank and one person appointed by the board of education, and one person appointed by the two members of the appeal committee. It is understood that the board of education may appoint one of themselves as its committee member or may appoint a classified or administrative employee. A student may earn credits towards high school graduation by demonstrating mastery of the course outcomes through a performance instrument. The standards for designing and passing the performance instrument shall be set sufficiently high to ensure credits earned by such means shall be equivalent to those offered in the framework of the Carnegie unit.

A written request to “test out” of a class must be submitted prior to the beginning of each semester/year. A student may not request to “test out” of a class in which he or she is currently enrolled or has been enrolled.

The request is to be evaluated within 30 school days by a review committee composed of: a building administrator, a school counselor, a faculty member appointed by the principal and the students’ parent(s) or guardian(s).

If the request is approved, the course instructor will have 30 school days to design a performance instrument that reflects mastery of all course outcomes. Commercially available instruments may be used if they adequately cover course objectives.

The student has 10 school days in which those designated tasks developed by the teacher and approved by the administration must be performed. The principal, in consultation with the instructor, will determine the setting and the timelines for the administration of the instrument, as well as the criteria for successful completion of those tasks.

Credit for such classes shall be awarded only on a pass/fail basis. Students will be allowed only one opportunity to “test out” of any particular class. It will not be the responsibility of the school or the instructor to provide instructional and/or review time for the student. However, the outcomes, as noted in the district curriculum guide, and class syllabus will be made available.

When a controversial subject arises in the classroom, teachers may use the opportunity to teach about the controversy.

Teachers shall ensure that various positions concerning any controversial subject are presented and that students have the opportunity to freely discuss the topic.

- a. Included in the area of controversial subjects are ideas, words, movies still pictures, religions, books, socio-economic aspects of life and political policies, theories and platforms, which may be reasonably expected to generate strong and diverse opinions. - e. The teacher should feel qualified to lead the discussion both personally and academically.
- f. The issue should evolve naturally from classes being taught and agree with the general aims and objectives of the schools.

The use of new instructional materials and classroom presentations that may involve controversial issues should be planned by the individual teacher and discussed with the department chairman and the building principal before they are initiated in the classroom.

JA Goals and Objectives

JA

The goal set forth in this policy and rule section is to create the best possible educational climate. These student policies are designed to prevent misunderstanding by students about their responsibilities and privileges. The ideas and recommendations of students shall be considered when adopting policies, rules and regulations governing the conduct of students and their rights and responsibilities.

All student handbooks shall be approved by the board and adopted, by reference, as a part of these policies and rules. (See BDC)

BOE Approved: July 7, 2003

JB **Attendance Records**

JB

Daily attendance records shall be maintained for each student in each school. The primary responsibility for recording attendance shall be assigned to teachers using forms prescribed by the superintendent. A cumulative attendance record for each student shall be kept in the principal's office.

The superintendent shall include attendance data in the annual report to the board. Attendance problems shall be reported to the board as necessary.

BOE Approved: July 7, 2003

Resident Students

A resident student is any child who has attained the age of eligibility for school attendance and lives with a parent or a person acting as a parent who is a resident of the district. Children who are homeless as defined by Kansas law and who are located in the district will be admitted as resident students. For purposes of this policy, parent means the natural parents, adoptive parents, stepparents and foster parents. For purposes of this policy, person acting as a parent means a guardian or conservator, a person liable by law to care for or support the child, a person who has actual care and control of the child and provides a major portion of support or a person who has actual care and control of the child with written consent of a person who has legal custody of the child.

New Resident Students

New resident students are urged to contact the district office as soon as possible after establishing residence in the school district.

The superintendent of schools shall cause public announcements to be made from time to time, with greater frequency during the summer months, as to the procedures which new residents of the district are expected to follow in enrolling in the schools of the district.

(Kansas Law Statute # 72-8907: Refusal to admit suspended or expelled pupil authorized. A pupil who has been suspended or expelled from school by any school district may be refused

admission to school in any other school district, regardless of residency, until such time as the period of suspension or expulsion has expired.)

Non-Resident Students

Since the schools of the district are maintained for the primary benefit of the residents of the district, non-resident students as of August 1, 1997 will no longer be admitted. Non-resident students that have been attending USD 261 schools prior to August 1, 1997 will continue to be admitted under a `grandfather' clause at the discretion of the superintendent. Siblings of such students living in the immediate households of the attending student(s) may also apply to enroll. Should a grand fathered non-resident student leave the school system at any time, the district is under no obligation to readmit that student at a future date.

Should any non-resident student provide incomplete, inaccurate, or erroneous information said student may be suspended for the remainder of the school year at the discretion of the superintendent.

Parents planning immediate residence in U.S.D. #261 may be permitted to enroll their children in the public schools, without tuition, unless otherwise prohibited by the policy rules and regulations of the board of education, upon the written approval of the superintendent of schools. Such approval shall be contingent upon the completion of a residence presently under construction, the closing of a purchase transaction presently in process, or some similar situation. In all cases the family must be a bona fide resident of the school district no later than sixty (60) days after such approval for enrollment is granted. Tuition will be computed and charged on a daily basis for each day over the sixty (60) days that is allowed for the establishment of

residential status. Failure to establish residential status during the semester of such approval will result in the necessity of payment of the full tuition rates for each semester until such status is obtained.

Because the Board of Education wishes to allow out-of-district students the opportunity to avail themselves of a quality alternative education, provisions to admit out-of-district students are as follows:

1. In district students will have priority over out-of-district students. The number of slots available for out-of-district students will be based on the out-of-district count established on the official count date.
2. The student must have had at least one year of attendance at an accredited high school.
3. The student must have approval of admission from the Alternative High School Program Administrator.
4. Admittance to the Alternative High School Program of a non-resident student does not grant the student the right to transition into the traditional program of Campus High School.

Non-Resident Employees

The children of non-resident employees may attend the USD 261 schools at the discretion of the superintendent of schools.

Tuition

The tuition on any student, which is to be paid by another district, shall be paid on the date provided in the agreement with that district.

Enrollment Procedures

The superintendent shall establish orderly procedures for enrolling all students, including pre-enrollment, changes in enrollment, normal enrollment times and communication to parents and to the public.

Part-Time Enrollment

Part-time students may enroll with the administration's permission if they complete all paperwork in a timely fashion and are in attendance no later than the 8th day of a class. Part-time students may be admitted only to the extent that staff, facilities, equipment and supplies are available.

Identification of Students

All students enrolling in the district for the first time shall provide required proof of identity. Students enrolling in kindergarten or first grade shall provide a certified copy of their birth certificate or other documentation, which the board determines to be satisfactory. Students enrolling in grades 2-12 shall provide a certified transcript or similar pupil records.

Enrollment Information

The enrollment documentation shall include a student's permanent record card with a student's legal name as it appears on the birth certificate, or as changed by a court order and the name, address, telephone number of the lawful custodian. The records shall also provide the

identity of the student as evidenced by a certified birth certificate, copy of a court order placing the student in the custody of Kansas Social and Rehabilitation Services, a certified transcript of the student, a baptismal certificate or other documentation the board considers satisfactory. If proper proof of identity is not provided within 30 days of enrolling, the superintendent shall notify local law enforcement officials as required by law and shall not notify any person claiming custody of the child.

Assignment to a School Building, Grade Level or Classes

The superintendent shall assign students to the appropriate building. Any student desiring to attend a school outside the attendance area in which the student resides may do so only with the prior written permission of the superintendent. Assignment to a particular grade level or particular classes shall be determined by the building principal based on the educational abilities of the student. If the parents disagree, the principal's decision may be appealed to the superintendent. If the parents are still dissatisfied with the assignment, they may appeal in writing to the board.

Transferring Credit

In the middle school and in the senior high school, full faith and credit shall be given to units earned in other accredited schools, unless the principal determines there is valid reason for not doing so.

Transfers from Non-Accredited Schools

Students transferring from non-accredited schools will be placed by the principal. Initial placement will be made by the principal after

consultation with parents or guardians and guidance personnel. Final placement shall be made by the principal based on the student's documented past educational experiences and performance on tests administered to determine grade level placement.

BOE Approved: July 7, 2003

JBCA Homeless Students (See EDAA and JBC)

JBCA

The district, in accordance with state and federal law and the Kansas state plan, will ensure that homeless children in the school district have access to a free and appropriate public education. Homeless students are individuals who lack a fixed, regular and adequate nighttime residence.

Coordinator

The board shall designate a homeless coordinator for the district.

Approved: KASB Recommendation – 7/03; 4/07; BOE Approved: June 15, 2009

Note: The reader is encouraged to review regulations and forms for related information.

Homeless Student Regulations Required by Federal and State Law

NOTE: This document MUST be approved by board action to become policy. File with clerk, distribute to principals and duplicate as necessary in district newsletters and other documents.

Homeless students shall, by definition, include the following:

1. Children and youth who are sharing the housing of other persons due to loss of housing, economic hardship or a similar reason; are living in motels, hotels, trailer parks or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals; or are awaiting foster care placement.
2. Children and youth who have a primary nighttime residence that is a public or private place not designated for or ordinarily used as a regular sleeping accommodation for human beings.
3. Children and youth who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations or similar settings.
4. Migratory children who meet one of the above-described circumstances.

Enrollment/Placement (See JBC)

The administration shall consider the best interest of the child, with parental involvement, in determining whether the child should be enrolled in the school of origin or the school that nonhomeless students who live in the attendance area in which the homeless child or youth is actually living are eligible to attend. To the extent feasible, and in accordance with the child or youth's best interest, the child or youth should continue his or her education in the school of origin, except when

contrary to the wishes of the parent or guardian. If the youth is unaccompanied by a parent or guardian, the homeless coordinator will consider the views of the youth in deciding where the youth will be educated. The choice regarding placement shall be made regardless of whether the child or youth lives with the homeless parents or has been temporarily placed elsewhere.

The school selected shall immediately enroll the homeless child or youth, even if the child or youth is unable to produce records normally required for enrollment, such as previous academic records, immunization records, proof of residency or other documentation. However, the district may require a parent or guardian of a homeless child or youth to submit contact information.

The district must provide a written explanation, including a statement regarding the right to appeal, to the homeless child or youth's parent or guardian, or to the homeless youth if unaccompanied, if the district sends the child or youth to a school other than the school of origin or other than a school requested by the parent or guardian.

If a dispute arises over school selection or enrollment in a school, the child or youth shall be immediately admitted to the school in which enrollment is sought, pending resolution of the dispute. The child, youth, parent or guardian shall be referred to the district homeless coordinator, who will carry out the dispute resolution process as expeditiously as possible.

For the purposes of this policy, "school of origin" is defined as the school that the student attended when permanently housed or the school in which the student was last enrolled.

A complaint regarding the placement or education of a homeless child or youth shall first be presented orally and informally to the district's homeless coordinator. If the complaint is not promptly resolved, the complainant may present a formal written complaint (grievance) to the homeless coordinator. The written complaint must include the following information: date of filing, description of concerns, the name of the person or persons involved and a recapitulation of the action taken during the informal charge stage. Within five (5) working days after receiving the complaint, the coordinator shall state a decision in writing to the complainant, with supporting evidence and reasons. In addition, the coordinator will inform the superintendent of the formal complaint and the disposition.

Each homeless child or youth shall be provided services comparable to services offered to other students in the district including, but not limited to, transportation services; educational services for which the child meets the eligibility criteria, such as educational programs for disadvantaged students, students with disabilities and gifted and talented students; vocational programs and technical education; school meals programs; preschool programs; before- and after-school care programs; and programs for students with limited English proficiency. Homeless

students will not be segregated in a separate school or in a separate program within a school based on the students' status as homeless.

Transportation (See EDAA, JBC and JGG)

If it is in the best interest of the homeless child or youth to attend the school of origin, transportation to and from that school will be provided at the request of the parent or guardian or, in the case of an unaccompanied youth, the homeless coordinator. If the student's temporary housing is outside the attendance area of the school of origin, then the district will work with the school of origin to agree on a method to apportion the responsibility and costs for transporting the child. If an agreement cannot be reached, the costs will be shared equally.

Records (See JR and JGCB)

Any records ordinarily kept by the school, including immunization records, academic records, birth certificates, guardianship records and evaluations for special services or programs of each homeless child or youth shall be maintained so that appropriate services may be given the student, so that necessary referrals can be made and so that records may be transferred in a timely fashion when a homeless child or youth enters a new school district. Copies of records shall be made available upon request to students or parents in accordance with the Family Educational Rights and Privacy Act.

Coordinator

The Board designates the following individual to act as the district's homeless coordinator: (Name of Office) (Business Address) (Phone-Fax) The district shall inform school personnel, service providers and advocates working with homeless families of the duties of the district homeless coordinator. 6. Enrollment disputes are mediated in accordance with law.
7. The parent or guardian of a homeless child or youth, and any unaccompanied youth, is fully informed of all transportation services, including transportation to the school of origin and is assisted in accessing transportation to the school selected.
8. Unaccompanied youths will be assisted in placement or enrollment decisions, their views will be considered and they will be provided notice of the right to appeal.

Sexual harassment shall not be tolerated in the school district. Sexual harassment of employees or students of the district by board members, administrators, certificated and support personnel, students, vendors, and any others having business or other contact with the school district is strictly prohibited.

Sexual harassment is unlawful discrimination on the basis of sex under Title IX of the Education Amendments of 1972, Title VII of the Civil Rights Act of 1964, and the Kansas Acts Against Discrimination. Sexual harassment is unwelcome sexual advances, requests for sexual favors and other inappropriate oral, written or physical conduct of a sexual nature when made by a member of the school staff to a student or when made by any student to another student when: (1) submission to such conduct is made, explicitly or implicitly, a term or condition of the individual's education; (2) submission to or rejection of such conduct by an individual is used as the basis for academic decisions affecting that individual; or (3) such conduct has the

purpose or effect of interfering with an individual's academic or professional performance or creating an intimidating, hostile or offensive academic environment.

Sexual harassment may result from verbal or physical conduct or written or graphic material. Sexual harassment may include, but is not limited to: verbal harassment or abuse; pressure for sexual activity; repeated remarks to a person, with sexual or demeaning implication; unwelcome touching; or suggesting or demanding sexual involvement accompanied by implied or explicit threats concerning a student's grades, participation in extra-curricular activities, etc.

Complaints received will be investigated to determine whether, under the totality of the circumstances, the alleged behavior constitutes sexual harassment under the definition outlined above. Unacceptable student conduct may or may not constitute sexual harassment, depending on the nature of the conduct and its severity, pervasiveness and persistence.

Behaviors which are unacceptable but do not constitute harassment may provide grounds for discipline under the code of student conduct.

An employee who witnesses an act of sexual harassment shall report the incident to the building principal. Employees who fail to report complaints or incidents of sexual harassment to appropriate school officials may face disciplinary action. School administrators who fail to investigate and take appropriate corrective action in response to complaints of sexual harassment may also face disciplinary action.

When a complaint contains evidence of criminal activity or child abuse, the building coordinator or district coordinator shall report such conduct to the appropriate law enforcement or SRS authorities. (See GAAD)

To the extent possible, confidentiality will be maintained throughout the investigation of a complaint. The desire for confidentiality must be balanced with the district's obligation to conduct a thorough investigation, to take appropriate corrective action or to provide due process to the accused.

The filing of a complaint or otherwise reporting sexual harassment shall not reflect upon the individual's status or grades. Any act of retaliation against any person who has filed a complaint or testified, assisted, or participated in an investigation of a sexual harassment complaint is prohibited. Any person who retaliates is subject to immediate disciplinary

action, up to and including expulsion for a student or termination of employment for an employee.

Notification of the policy shall be included in the school newsletter or published in the local newspaper annually.

About Discrimination or Discriminatory Harassment

(see GAAA, GAAB, GAAC, GAACA, JGEC and JGECA)

Complaints of discrimination or discriminatory harassment by an employee should be addressed to the employee's supervisor, the building principal, or the district compliance coordinator. Complaints by a student should be addressed to the building principal, another administrator, the guidance counselor, or another certified staff member.

KN-R Complaints**KN-R-2**

Any school employee who receives a complaint of discrimination or harassment from a student shall inform the student of the employee's obligation to report the complaint and any proposed resolution of the complaint to the building principal. If the building principal is the alleged harasser, the complaint shall be reported to the district compliance coordinator. Complaints by any other person alleging discrimination should be addressed to the building principal or the district compliance coordinator. Complaints about discrimination, including complaints of harassment, will be resolved through the following complaint procedures:

Informal Procedures

The building principal shall attempt to resolve complaints of discrimination or harassment in an informal manner at the building level. Any school employee who receives a complaint of discrimination harassment from a student, another employee or any other individual shall inform the individual of the employee's obligation to report the complaint and any proposed resolution of the complaint to the building principal. The building principal shall discuss the complaint with the individual to determine if it can be resolved. If the matter is resolved to the satisfaction of the individual, the building principal shall document the nature of the complaint and the proposed resolution of the complaint, and forward this record to the district compliance coordinator. Within 20 days after the complaint is resolved in this manner, the building compliance coordinator shall contact the complainant to determine if the resolution of the matter remains acceptable. If the matter is not resolved to the satisfaction of the individual in the meeting with the building compliance coordinator, or if the individual does not believe the resolution remains acceptable, the individual may initiate a formal complaint.

Formal Complaint Procedures

- A formal complaint should be filed in writing and contain the name and address of the person filing the complaint. The complaint should briefly describe the alleged violation. If an individual does not wish to file a written complaint and the matter has not been adequately resolved, the building principal may initiate the complaint. Forms for filing written complaints are available in each building office and the central office.
- A complaint should be filed as soon as possible after the conduct occurs, but not later than 180 days after the complainant becomes aware of the alleged violation, unless the conduct forming the basis for the complaint is ongoing.
- If appropriate, an investigation shall follow the filing of the complaint. If the complaint is against the superintendent, the board shall appoint an investigating officer. In other instances, the investigation shall be conducted by the building principal, the compliance coordinator or another individual appointed by the board. The investigation shall be informal but thorough. All interested persons, including the complainant and the person against whom the complaint is lodged, will be afforded an opportunity to submit written or oral evidence relevant to the complaint.
- A written determination of the complaint's validity and a description of the resolution shall be issued by the investigator, and copy forwarded to the complainant no later than 30 days after the filing of the complaint.

KN-R Complaints

KN-R-4

- If the investigation results in a recommendation that a student be suspended or expelled, procedures outlined in board policy and state law governing student suspension and expulsion will be followed.
- If the investigation results in a recommendation that an employee be suspended without pay or terminated, procedures outlined in board policy, the negotiated agreement or state law will be followed.
- Records relating to complaints filed and their resolution shall be forwarded to and maintained in a confidential manner by the district compliance coordinator.
- The complainant may appeal the determination of the complaint. Appeals shall be heard by the district compliance coordinator, a hearing officer appointed by the board, or by the board itself as determined by the board. The request to appeal the resolution shall be made within 20 days after the date of the written resolution of the complaint at the lower level. The appeal officer shall review the evidence gathered by the investigator and the investigator's report, and shall afford the complainant and the person against whom the complaint is filed an opportunity to submit further evidence, orally or in writing, within 10 days after the appeal is filed. The appeal officer will issue a written determination of the complaint's validity and a description of its resolution within 30 days after the appeal is filed.
- Use of this complaint procedure is not a prerequisite to the pursuit of any other remedies including the right to file a complaint with the Office for Civil Rights of the U.S. Department of Education, the Equal Employment Opportunity Commission, or the Kansas Human Rights Commission.
